WILSON DENIES DELAYING PEACE

President Issues Statement Covering Doings of Commission on League.

DRAFT IS COMPLETED

American Executive Says Entire World Has Had Full Month in Which to Discuss Original Plan of Covenant.

Paris, March 28.—The following statement has been issued by President Wilson:

"In view of the very surprising impression which seems to exist in some quarters that it is the discussions of the commission on the league of nations that are delaying the final formulation of peace, I am very glad to take the opportunity of reporting that the conclusions of this commission were the first to be laid before the plenary conference.

"They were reported on Feb. 24 and the world has had a full month in which to discuss every feature of the draft covenant then submitted.

Differences Utilized.

"During the last few days the commission has been engaged in an effort to take advantage of the criticisms which the publication of the covenant has fortunately drawn out. A committee of the commission has also had the advantage of a conference with representatives of the neutral states, who are evincing a very deep interest and a practically unanimous desire to align themselves with the league.

"The revised covenant is now practically finished. It is in the hands of a committee for the final process of drafting and will almost immediately be presented a second time to the public.

Conference at Odd Times.

"The conferences of the commission have invariably been held at times when they could not interfere with the consultation of those who have undertaken to formulate the general conclusions of the conference with regard to the many other complicated problems of peace. So that the members of the commission congratulate themselves on the fact that no part of the conferences has ever interposed any form of delay."

Foch Before Council of Four.

The super-council of the president and premiers, known as the Council of Four, divided its labors between the "White House" and M. Clemenceau's private office, adjoining the war office.

The Franco-German frontier was the chief topic of discussion, this following upon an agreement reached on reparation for war damages. It is understood this agreement includes the vital point of the total amount of indemnity, which will not be announced at present, as likely to cause discussion and arouse hostility in enemy quarters.

CALLS BRIBE STORY FALSE

Iowa Governor Testifies Before Legislative Committee.

Des Moines, March 28.—Governor W. L. Harding completed his testimony in the Iowa House Judiciary committee's investigation of the Rathbun pardon case, and denied emphatically that he had received a bribe in any form for granting the pardon. The governor reiterated that he granted the pardon because he believed Ernest Rathbun innocent after reading the records in the case, and the recommendations for clemency from the trial judge and prosecuting attorney.

RECOMMENDS 48-HOUR WEEK

British Industrial Committee Submits Its Report.

London, March 28.—Recommendations that a legal maximum working week of 48 hours, subject to variation in proper cases with adequate safeguards, be established, that systematic overtime be discouraged and that legal time wage rates of universal applicability be fixed, are made in the report of a committee appointed by the industrial conference which met in February at the request of Premier Lloyd George.

BANDITS DYNAMITE LODI SAFE

Descend On Town and Escape With Several Thousand Dollars.

Lodi, Wis., March 28.—A band of automobile bandits descended upon this town, dynamited the safe in the office of the W. W. Steeler Lumber company and escaped with several thousand dollars, mostly in Liberty Bonds. Bloodhounds later trapped one of the band evidently left behind as a tipoff on the edge of the town. None of the loot was recovered.

Chicago Mayor Sues Opponents.

Chicago, March 28.—Mayor William Hale Thompson filed suit for \$250,000 damages against Betram M. Winston and George Hull Porter, officers of the Robert M. Sweitzer Nonpartisan league. Sweitzer is Mayor Thompson's Democratic opponent.

NEWTON D. BAKER

Secretary of War Planning to Sail for Europe.

Secretary Baker now plans to sail for Europe about April 6. The time of his stay abroad has not been determined.

PREPARING NEW BILL

Immigration Officials Advocate Drastic Changes.

Proposed Law Will Place Burden of Proof of Fitness on Those Desiring Entry.

Boston, March 28.—A. Warner Parker, law officer of the United States Bureau of Immigration at Washington, announced that the bureau of immigration had drafted a tentative immigration law which would have a number of radical provisions regarding the admission and stay of aliens in the United States.

Speaking before the Boston Chamber of Commerce, Mr. Parker said three main features were included in the proposed new immigration law, namely:

Registration of all aliens now in the United States or who are to apply for admission hereafter.

Making the admission of immigrants provisional or probationary during their stay in this country; and changing the burden of proof of requirements for admission so that it will be incumbent upon aliens to prove their fitness for admission rather than upon the government to prove their unfitness, as at present.

"Our proposed law," said Mr. Parker, "is the result of months and months of study on the part of officers of the bureau of immigration, and while it is not yet in completed form it will be ready for presentation at the next session of congress."

SYSTEM UNDERGOES CHANGE

War Department Revives Casualty List Plan.

Washington, March 28.—The War department, April 1, will discontinue the method of issuing casualty lists which has hitherto made them available for simultaneous publication in all newspapers throughout the country. This has been decided upon, it was explained, because practically all the casualties incurred in fighting have been announced.

The War department, will furnish full lists for mailing from Washington, but they will not be issued for publication on any specified date, and may be published whenever newspapers receive them.

REVOLT THOUGHT IMMINENT

Uprisings in Austria and Bohemia Are Expected.

Berne, March 28.—Bolshevik uprisings in Austria and Czech-Slovakia are imminent, according to advices received here. Any move in those two countries against the Hungarian soviet government is expected to precipitate the trouble.

RESIGNATION STORY DENIED

President of Czechoslovakia Is Holding His Position.

Washington, March 28.—The Czechoslovak mission here received an official denial of the report of President Masaryk's resignation, which was sent from Berlin by way of Copenhagen.

Victim of Actor's Car in Hospital. Los Angeles, Calif., March 28.—Douglas Tinch, a New York boy who was injured by an automobile driven by Bryant Washburn, a motion picture actor, is resting easily at a local hospital.

Revised Covenant of League Presented

BY ED L. KEEN, (United Press Staff Correspondent.)

Paris, March 28.—The revised covenant of the league of nations will be presented to the league commission with three important amendments still in abeyance it developed today. These amendments cover the Monroe Doctrine, Japan's claim for racial equality, and France's recommendations for greater guarantees of military security. The constitution, now in the hands of a special drafting committee, is expected to be completed shortly. This committee's powers are restricted to framing the form of the covenant. It can change the verbiage, but cannot add to or take away from the substance. President Wilson, it was stated, is free to bring up his Monroe Doctrine amendment when the league committee meets again to receive the redraft.

Seventy Killed When Oil Tanker Exploded

(By United Press)

Venice, March 28.—Seventy persons were killed and many injured when an oil tanker exploded in the harbor here this morning.

Italian Troops Occupy Austrian Cities

(By United Press)

Zurich, March 28.—Seven thousand Italian troops have occupied Stupl. weissenberg and Rabb, taking over part of the Vienna-Budapest railway, say dispatches today. Two Rumanian army corps are said to have crossed the frontier of eastern Galicia.

GERMAN OFFICIAL SQUEALS

Chancellor Scheidemann Says Teutons Will Not Sign Treaty.

Copenhagen, March 28.—Chancellor Scheidemann, addressing the national assembly, again threatened the Peace conference with a refusal to sign the peace treaty, according to a dispatch from Weimar.

"A cry of despair, an appeal to the conscience of humanity, is arising from all parts of Germany," he said.

Alaska Plans Steamer Line.

Juneau, Alaska, March 28.—Governor Thomas Riggs, Jr., in a special message to the territorial legislature urged legislation which would permit the territory to enter the steamship business by placing not less than four vessels on the run between Alaska points and Puget sound.

War Over for Porto Rican Troops.

San Juan, P. R., March 28.—The last of the Porto Rican troops who were on duty in the Panama Canal zone during the war have returned.

Easier Installment Privileges for New Government Loan

(By United Press)

Washington, March 28.—Installment privileges for the Victory Loan will be the most liberal of any government loan, Secretary Glass announced. Payment will be permitted in six installments, ten per cent on or before May 10, 10 per cent July 10th, 20 per cent August 12th, 20 per cent September 19th, and 20 per cent October 7th, and the remainder November 11th, with accrued interest.

Russian Affairs Prominent in Peace Conference

BY FRED S. FERGUSON (Staff Correspondent, United Press)

Paris, March 28.—Russia is again taking a prominent place in the peace discussions it developed today. Though the Russian situation has recently appeared, its present injection is believed to be important and significant.

Chicago Labor Party Would Recognize Bolsheviki

(By United Press)

Chicago, March 28.—The executive committee of the new Chicago Labor Party today demanded of the government the recognition of the Trotsky-Lennine government.

GERMAN LEADERS INVOLVED

Prominent War Statesmen and Generals May Be Tried.

Berlin, March 28.—The German government is planning the creation of a court of investigation for German personalities accused of crimes during the war who have requested the investigation of their cases, the Vossische Zeitung says.

The National assembly, the newspaper adds, will enact a suitable law for a court to try General Ludendorff, former Chancellor Von Bethmann-Hollweg, Admiral Tirpitz, former Foreign Minister Von Jagow and others "whose activities can only be judged by such a court."

ALLIED POLICY UNCHANGED

French Foreign Minister Opposes Dealing With Reds.

Paris, March 28.—Foreign Minister Pichon in the Chamber of Deputies said that the Russian policy of the government was unchanged. He said that the government had no desire to influence Russian internal politics and that the French troops had been sent to Russia to assist the Czechs-Slovaks.

The present ruling group in Russia he continued, had refused to call a constituent assembly and had suppressed all liberties.

Hungarian Premier Makes Statement

BY EDWARD BING, (United Press Staff Correspondent)

Budapest, March 26, 9 p.—"We are ready to continue peaceful and friendly relations with the allies if possible, but we will fight to defend our just interests" Bela Kun, foreign minister of the Hungarian soviet government declared in a statement to foreign correspondents today.

Count Karolyi, the former premier, who turned the country over to the communists, reiterated in an interview his statement that the entente imperialism was responsible for the change of government in Hungary. "I will continue to work for the sacred cause of saving my country" he said.

Lennine Urges Hungary to Attack Vienna

By FRANK J. TAYLOR (United Press Staff Correspondent)

Berlin, March 27.—Premier Lennine has wired the Hungarian soviet government urging that it send a bolshevik army against Vienna, according to a dispatch received from Budapest today. He is said to have promised to finance a Hungarian expedition against Austria to the extent of twenty million dollars. Discovering that Spartacists planned to arm several thousand Russians in Rethleben prison tomorrow Americans rushed the prisoners aboard trains tonight and are scattering them in other prison camps throughout Germany in charge of Americans. This action is believed to have nipped a bolshevik plot to follow Hungary in declaring a soviet republic.

COAL MEN ARE PEEVED

Bituminous Producers Quit Federal Price Conference.

Operators Issue Statement Charging Unfair Practices.

Washington, March 28.—Bituminous coal operators of the country through the National Coal association announced they would not resume conferences with the industrial board of the Department of Commerce with a view to readjusting coal prices until "the co-operation and support of the Railroad administration and other government departments buying coal had been secured."

Whenever the board could assure such co-operation, the coal men said, they would be willing to continue the conference.

The operators, who represented approximately three-fourths of the country's bituminous production, after conferring with the board, adopted a resolution setting forth their attitude and issued a statement charging the Railroad administration with adoption of "unfair practices which would drive the price of railroad fuel below the cost of production."

Members of the Industrial board, of which George N. Peck is chairman, refused to comment on the conferences with the coal men beyond saying that "only general policies had been discussed."

It was understood, however, that in the conferences the prices fixed by the Railroad administration and other governmental agencies for coal was the chief contention.

EXPORTS \$20,000,000 DAILY

U. S. Government Planning Drive for World Trade.

Washington, March 28.—American exports now average more than \$20,000,000 a day, according to the department of commerce. If this tide of gold toward America can be maintained, experts say, it means more factories, employment, continued high wages and greater markets.

In 1914 United States exports totaled only \$2,000,000,000 in goods. In 1918, during the closing months of the war it had jumped to the rate of \$6,000,000,000 a year, while now, commerce department figures show, exports are leaving American ports at the rate of \$7,500,000,000 annually. They averaged \$21,000,000 daily in February.

5,500 AMERICANS MISSING

General Pershing Reports Men Still Unaccounted For.

Washington, March 28.—General Pershing reported to the War department that there are still 5,500 officers and men of the expeditionary forces listed as missing. This total compares with the British official figures of 161,800 missing and the French of 290,000.

All of the 5,500 names have been reported as "missing" in casualty lists already published, the report said.

TO TEST WARTIME DRY LAW

Distillers Order Legal Counsel to Take Necessary Steps.

Chicago, March 28.—A decision to make an early contest of the constitutionality of the war time prohibition restriction effective July 1, was reached at the close of a two-day session of the distillers' committee and about seventy-five officials of as many distilling concerns. Instructions to that effect were given to Levy Mayer, chief counsel for the committee.

WILSON WIRES SUFFRAGISTS

Expresses Hope That Amendment Will Be Adopted.

St. Louis, March 28.—The following message from President Wilson at Paris was read at the session of the National American Woman's Suffrage association convention here:

"Best wishes for convention. I earnestly hope suffrage amendment soon will be adopted."—Woodrow Wilson.

France Given Another Credit

Washington, March 28.—France was given a credit of \$100,000,000 by the treasury and Greece was given \$3,538,000 additional. This made total credits to France, \$2,617,477,000; to Greece, \$32,412,000, and a total for all Allies of \$9,036,299,000.

FAVORS SELLING FEDERAL BOATS

Chairman Hurley of Shipping Board Would Dispose of Merchant Vessels.

OUTLINES HIS SCHEME

Advocates Disposing of New Ships at Market Prices so That the Purchasers Could Compete With Foreign Tonnage.

New York, March 28.—Private ownership of the great merchant marine which has been built by America under the stimulus of war, with such governmental regulations as would prevent watered stock and assure the use of the vessels on trade routes promoting the general welfare of the nation, was put forward here by Chairman Hurley of the Shipping board as his plan for the peace-time operation of the government-built fleet. He was speaking before the National Marine League.

Enunciating the most important reconstruction decision so far reached by any government department, Mr. Hurley said he would have the government sell the new ships at market prices, so the operators could compete with foreign tonnage, and would have the bottoms insured jointly by the government and American companies until the latter developed sufficiently to carry alone the enormous risk on more than \$1,000,000,000 worth of property.

Would Bar Aliens. No alien would be permitted to own any stock in any American vessel, and the transfer of vessels to foreign flags would be permitted only by express consent of the government. "American ships for American trade" is the central thought of the plan, which will be submitted to Congress as a basis for legislation.

"We want the initiative and skill of American ship operators, but we want no watered stock," said Mr. Hurley. "We want to avoid the stagnation that sometimes comes from red tape and bureaucracy, but we want no profiteering or exploiting."

"We want the new fleet used for the benefit of the people of the United States and not against their larger interest. We want it used for the development of the nation's commerce, not merely for the development of the private fortunes of ship operators."

Comparing the problem of water transportation with the still-unresolved question of railroad management, Mr. Hurley made a plea for public attention to the details proposed for operating a fleet which next year will aggregate 16,732,700 deadweight tons of steel ships, 70 per cent owned by the government. The present fleet includes 555 ocean-going steel cargo vessels of 3,385,475 deadweight tons and contracts have been let for 1,336 similar vessels of 9,275,006 deadweight tons.

FREIGHT RATES ATTACKED

California Fruit Growers Object to Railway Charges.

Washington, March 28.—Increased freight rates put into effect by the Railroad administration last year were attacked in a complaint filed with the Interstate Commerce commission by the California Citrus league, making Director General Hines and several hundred railroads defendants.

The complaint asserted that "no investigation or examination of any kind was made by the director general or anyone else in authority to determine that the orange industry under the rate then existing had not paid its fair share of the expenses" of operation under federal control.

HUNGARY RAISING AN ARMY

Red Military Chief Is Adviser of the Government.

Basle, March 28.—The new Hungarian government has begun reorganization of a revolutionary army to be recruited from the organized proletariat and the soldiers and workmen now mobilized. The chief of the Red army, reports received from Budapest say, is of the adviser of revolutionary government, but control of the conduct and organization of the army will be in the hands of the People's Commissioner for Military Affairs.

The soldiers will get 450 crowns monthly and will be equipped, armed and fed at the expense of the state.

Oil to Christen Battleship

Chicago, March 28.—No sparkling champagne will be wasted in christening battleships after July 1. A regular champagne bottle will be broken across the bow of the ship but it will be filled with crude oil. This announcement is made here by officials of the National Petroleum congress.

The new U. S. S. Tulsa—named for the Oklahoma oil center—will be christened by Miss Lulu Crosbie, daughter of a Tulsa oil operator, when it is ready to launch. She will use oil from one of her father's wells.

Artist, Commissioned by British Government, Surrounded by His Portraits of Notable Persons Who Are at the Peace Conference

SIR WILLIAM ORPEN

Great Britain has commissioned several prominent artists to paint portraits of notables attending the Peace Conference. This photograph shows Sir William Orpen at work on five portraits which will be a part of the British official collection. The likenesses are those of the Maharajah of Bikaner, who commanded the Indian troops on the western front, Lord Reading, an Egyptian Emir (name not given), Sir Robert Borden and M. Venizelos.

This May Help You to Solve the
Question of High Living Cost.

Government Industrial Commis-
sions are active in trying to arrange
for a reduction of living costs and
yet maintain present wage earnings.
They find it a difficult job. Now
over forty Brainerd families during
the past two years have solved this
high expense riddle, which has vexed
great statesmen, by cutting the "Gor-
dian Knot" of high living costs, by
swift strokes of the hoe, instead of
Caesar's sword. This means they
have secured from Nettleton large
lots and building materials, paying
for the lots with their rent money
and \$10 to \$15 a month for build-
ings, out of their wages. Then they
raise almost or all of their food stuffs
and exchange their surplus, also their
eggs and chickens for what they
could not raise themselves. This
plan of getting homes and making
your own living has been carefully
worked out by P. B. Nettleton from
his long experience from territorial
days down to date. This plan is in
line with the government's plan too.
With two or more large liberty lots,
well cultivated, and a good cellar
well filled, the owners are independ-
ent. The high cost of living has no
terrors for them. That this idea has
taken deep root in Brainerd is clearly
proved by over forty families who
have taken this home-owning cure
during the past two year and during
this month of March have taken
twenty-four lots, to live on and cul-
tivate this year. Liberty Realty Co.,
by P. B. Nettleton, president, pro-
moter of the home, garden, chicken
and rabbit industry in Brainerd,
Minn. 11

Coats and Suits Correct in Style and Price

We want you to know what the Printzess label means to women of taste and refinement all over the country. Our assortment of spring coats and suits was never more complete. They reflect all the distinctiveness and individuality of the latest Paris styles.

You will find Printzess coats and suits the most economical garments you can buy. We do not necessarily mean the lowest in price, but for durability combined with style, they cannot be duplicated in price. Exquisitely tailored, with trim stylish lines that hold their shape, you will find Printzess distinction in dress and style leadership known from coast to coast.

It pays to buy coats and suits that are quality made. They fit better. They look better. They wear better. Do not take our word for it. Come in and look them over for yourself. It is a pleasure for our sales-force to show you a garment bearing a Printzess label. It places you under no obligations to us for we know that when you are ready to purchase, having seen for yourself, you will desire Printzess garments.

In conception and appearance the New Series 19 Studebaker Cars express beauty, grace and refinement of design.

Every detailed unit of their construction reflects the painstaking skill of experts whose experience is available only to great organizations. It was determined, long ago, to summarize in this New Series the very best that men knew, and so one mechanical detail after another was weighed and considered; tested and accepted or rejected upon a purely quality basis. For the cost-element had no part in the design. The price was never even figured until after the preliminary models had been completed, tested, accepted.

That is why, entirely apart from the beautiful lines which compel the attention of anyone who appreciates grace and harmony, these cars are so far out of the ordinary. That is why we can take you hand-in-hand, so to speak, and show you every detail of construction, slighting nothing, proud in the confidence that the more of a mechanical expert you are, the more you will appreciate what you see. That is why these cars are exactly what you would yourself choose in detail and assembly, were you an expert engineer and building the finest modern motor car from a standpoint of ripe experience.

The New Series consists of three models, similar in general design, each of ideal size for its purpose—a 5-Passenger FOUR; a 5-Passenger LIGHT SIX and a 7-Passenger BIG SIX.

BUS TO RUN TO SUNDAY SCHOOL

New Departure Introduced by the Methodist Church Sunday School, Begins March 30

THE PLAN TO BE GIVEN TRYOUT

Schedule Announced, Bus to Make a Return Trip at the Close of the School

The Methodist church school begins a decidedly new departure on Sunday. They find that they have a number of adherents in both North-east and Southeast Brainerd who do not attend because of the distance to the church. To make it possible for these to attend they begin a bus service to these sections of the city on Sunday morning.

This plan will be given a tryout and if successful will continue it permanently. The bus will carry all bound for the Methodist school on the following schedule:

Leave 19th and Oak streets S. E. Brainerd, at 11:35 A. M. Will make stops at 17th and Oak and at 13th and Oak.

Leave Smith's store, N. E. Brainerd, at 11:45 A. M. and make stops at Guinn's store and at Kindred St. and 3rd Ave.

The bus will then make a return trip at the close of the school.

This school is not only working for a large school but for a most efficient school.

COOK SALE

Funds Gained to Buy Service Buttons for all Block Workers

It is proposed through the money secured at the cook-sale held tomorrow afternoon and evening at Koop's grocery on 7th street, to obtain funds to purchase service buttons for all the block workers and other women lined up under the Council of Defense. These buttons or rather pins were designed by Tiffany of New York and are of the same design as those sent to all the county chairmen in the U. S. by the National Council. It is up to each community to furnish these to the local workers. In Minneapolis it was done through the War Chest fund which in that city finances the Woman's Committee.

Mrs. L. P. Hall, county chairman, says she does not like to wear her pin till each worker in the county has one. The block workers have been the hands through which many a project of nation-wide and local importance has been put over to Brainerd during the past year. It is expected that wide interest on the part of both men and women will be taken in this sale that each block-worker may have this souvenir of her service. Now perhaps we think lightly of them but in the years to come they will be much prized. Home works has often been left at a moment's notice to respond to a call for service.

Let the women of Brainerd who appreciate the help this has been in gathering up our gifts and notifying us of need, telephone their block workers without delay naming what they will contribute to the sale.

In case any one has not time to bake, canned goods or jellies will be acceptable.

Basket Social

There will be a basket social this evening at the church parlors of the Swedish Lutheran church, given by the Luther society. Everybody welcome.

Surprise Party.

Mrs. Hubert M. Luther of Nisswa, was pleasantly surprised by a number of her friends, Wednesday evening, at the home of her parents, 620 North 10th street.

A light luncheon was served and the evening was enjoyed by all.

At the Best Tomorrow

Gladys Hulette and Creighton Hale will appear at the Best theatre tomorrow in their new picture play "Waifs" a charming, romantic comedy drama written by Grace Sattwell Mason. In "Waifs" little Miss Hulette, who has been called the perfect ingenue of the screen, assumes the role of the spoiled daughter of a multi-millionaire. She balks at his matrimonial plans for her and escapes from the parental home via the window. What befalls her in the great city to which she flees and how circumstances cause her to find happiness as the sweetheart of a poor young man, are the high spots in this delightfully written picture play.

At the Best Today

Henry B. Walthall who has long been acclaimed the most talented actor of the screen, has in "The Long Lane's Turning" a role which possesses all the elements of those characterizations which established this star as supreme in his work for one screen.

Mr. Walthall assumes the part of Harry Sevier, a brilliant young attorney in a Virginia town who is secretly addicted to liquor. The vice results in his losing a case, sacrificing for the time being the love of the beautiful girl he hopes to marry, and involves him in an attempted blackmailing and murder episode, for which he is sent to prison in

METER SYSTEM FAIR

After reading today's article on water rates in the bond issue column we feel elated, gratified, and confident. No fair minded man can entertain other but the highest opinion of the manner in which the financial side of the new water works system has been planned and handled. As a result we have greater confidence than ever that the whole water works system as proposed is O. K., and it

We are elated to think that the bond issue now turns out to be really a small sum of money, for if it requires no more than a 25 cent to 30 cent rate to meet our obligation, it surely is not an extravagant investment. It behooves everybody to get behind this matter and push for a favorable vote. If you have any petty grievances or selfish views, it will be well to remember that a defeat of this measure will be equivalent to cutting off your nose to spite your face.

The provision to use water meters seems to us to be a wise one. We will not be so concerned then when some neighbors let his garden hose run all night. It will be his concern because he will pay accordingly, and the more water he uses the better the city will like it. Anyway, if we meter gas and electricity, why not meter water also.

Time changes Sunday morning at two o'clock. Set your clock ahead one hour Saturday night before going to bed in order to have the right time Sunday morning.

Don't forget to set your clock ahead Saturday night before going to bed.

Guard the Children's Health

Mrs. Efav, Box 26, Bennett, Wis. writes: We have always used Foley's Honey and Tar for colds and find it great. The children all run for it when they see the bottle and ask for more. Contains no opiates, safe, and harmless, but gives prompt relief to coughs, colds, croup and whooping cough. H. P. Dunn.

mwf

WHY YOU SHOULD VOTE WATER WORKS BONDS

A series of articles prepared by the Water & Light Board to explain why new water works are necessary, what is planned to replace the old works, and the suitability of that which is advocated.

XXII.
Meters

Recently compiled figures covering the consumption in sixty six places whose population ranges all the way from 1200 to 2,500,000 people, shows that consumption decreases in a definitely marked ratio as metering is increased. Metering only 70% of the population cuts the consumption in half on the average. The maximum benefit, however, is obtained by metering everybody.

METERING DOES THIS
Makes all pay according to what they use.
Enables giving better service at lower rates.
Keeps down operating costs.
Eliminates waste.
Makes payments for water equitable for all.
It places the burden where it belongs.

Meters are needed most in summer because of the many and increasing numbers of gardens and lawns.

Meters are needed most in winter because many customers find it necessary to leave the water running to prevent pipes freezing. People should be allowed to use all the water they want and for any purpose desired, but these same people should be made to pay for all the water they use.

Flat rates are always inequitable. The method is a makeshift at best. It is conducive only to unreasonably and unnecessarily heavy drain on the water supply and wear on the pumps. It is not consistent with judicious and wise practice. It is not consistent with good business. A smaller and wiser consumption means less repair expenses, less renewals and lower costs and rates.

It is our intention to put everybody on meters and then everybody can use all the water they wish to pay for and at any time of the day or night.

Water Rates

Concomitant with the consideration of meters is the question of Rates. We can conceive how many people will take the position and say, "We don't care what the details of the construction are, nor where you obtain your water; we take it for granted that those details will all be taken care of properly by those entrusted with the job. Neither are we directly concerned with the sum of money you ask us to vote; where we come in and what does interest us most is what we will be asked to pay for the water we will consume. Will we get soaked with a stiff meter rate." Let us explain the various angles of this question and what the Water and Light Board must contend within the consideration of the subject of rates.

If your life is in danger and your attending physician prescribes a medicine, you get it and pay the price, whatever it may be. Water is a medicine. Good water prevents diseases of the worst kind; poor water is a poison and develops and spreads scourges of the worst kind. If we can get good water here—good medicine, let us pay the price, be what it may.

Fortunately it is not difficult to get good water in Brainerd and install the necessary equipment without great cost. Brainerd is a far-flung town and much money must be spent in miles of new pipe lines, but the other equipment involves only a small sum. To an individual \$200,000 is a large sum of money, but as a bond issue for a community it is small. The little town of Crosby voted \$135,000 for its system. Bemidji wanted \$125,000 for a filtration plant alone. See how much more Brainerd intends to buy with its money. Had we advocated a system with a filtration plant, another \$75,000 would have been added to our requested bond issue.

The City Charter provides that no issue of bonds shall run for more than 30 years nor bear interest greater than 5%. Our present issue meets those requirements. There is no reason from a financial standpoint why a bond issue should not run longer than 30 years, and to gain more time, if the bonds are not fully retired in 30 years, at the discretion of the council the unpaid portion can be refunded by another bond issue—a perfectly legitimate transaction and one which is often resorted to, especially where the money raised is spent on improvements benefiting the next generation. Extending the period results in paying interest for a longer time but eases the load for retiring bonds annually and reduces the sum to be earned every year.

Ten years ago Brainerd voted bonds to buy the present water works system. From now on \$5000 must be paid every year and soon the full sum will be wiped out. During the past 10 years electric light bonds amounting to \$40,000 were retired by the Board; large sums were spent for light and water extensions; and the cost of maintenance has mounted rapidly. The Board, therefore, will have the burden of wiping out two bond issues during the 30-year period now under consideration, which argues in favor of a longer period rather than a shorter one.

Under the amended city charter, one of the numerous funds created is the Public Utility Fund. This is one fund into which none of your taxes go. The only money put into that fund will be the earnings of the Water and Light Board, which must make enough money annually from the sale of electric current and water, and whatever else it may have to sell, to pay for its operating expenses, all interest due on outstanding bonds, and all payments due to retire bond issues. Not one cent of tax money or city revenue is used to help the Public Utility Fund; while to the contrary, in the past the Board has paid thousands of dollars to keep the city in light and water for which the Board should have been paid by the city. Fortunately the amended charter obviates a recurrence of that defect.

The board must, therefore, meet an indebtedness of two bond issues

together amounting to \$357,500, plus interest at 5%. In the next 10 years the old bond issue must be wiped out. Since one third of the expense of our new bond issue is due to installations intended to give service to the next generation, it would be proper to figure on passing about that proportion of the total to the next period and refund in that amount.

It has been figured that an annual net earning of \$30,000 from the sale of electricity and water will insure paying all interest charges and enable retiring annually from \$5,000 to \$10,000 of bonds during each of the next 30 years and it may even wipe out this bonded indebtedness. Rates for electricity and water must be established which will insure earning this \$30,000 annually. Knowing what our Electric Department can and now earns, the remainder must be earned by the Water Department, and that sum added to the cost of giving the service is divided among the water consumers. The rate determined is tentative, of course, but it is as near correct or as well as can be calculated now.

By such a calculation we have arrived at a tentative rate of 30c per 1000 gallons. It is not likely that this rate will be raised later, and in all probability will be reduced after the plant is running regularly and all service has been made efficient. The present rate is 40c per 1000 gallons. The new rate means that for those who now use meters, the cost of water will be cut one-fourth or more. With a minimum charge of 40 cents per month, the smallest consumers will save \$1.20 per year, the present minimum rate on a flat charge being that much greater. What those people will pay who now have no meters it is impossible to say. We have no check on the quantity the different families use and no one knows how extravagant or how economical any one family is regards the use of water. It is up to everybody to pay for what he uses the same as he does for his groceries and meats, with this difference, however, that there will be but one kind of water to buy and one price to pay.

It is not to be supposed that this proposed rate is in any way governed by rates in force in other cities, but it will be of interest to know how the proposed rate compares with others. We have procured the rates in force in 108 Minnesota cities. Of this number one-half use a sliding scale of rates, the highest rate is 75 cents; for those with flat rates, the highest rate is 55 cents.

It is our intention to use a flat rate so every house-consumer can use as much or as little water as he pleases and have every drop of it cost the same amount of money, whether the drop is used by a tenant in a tarpaper shack or by one living in an apartment house. Of the 56 towns listed using flat rates, 66% have rates higher than our proposed rate; only 8 towns (including the large cities St. Paul, Minneapolis and Mankato) have lower rates, and in four of these the ratio is 20 cents. It is evident that Brainerd is assured a rate that will stand comparison with that in any other town.

NORTHWEST NEWS

Minnesota Draft Boards

St. Paul, March 28—All records of Minnesota draft boards are practically complete and ready for transmission to the war department at Washington it was announced today.

The department ordered that all records of the 121 local boards in the state be completed by March 31. Records of draft deserters are to be sent to Washington and they will be treated the same as deserters of the army. A list of the deserters will be sent out from Washington to all adjutant generals and departments of police throughout the country.

Badger Meeting in St. Paul

St. Paul, March 28—St. Paul was entertaining a Wisconsin State convention today.

Because women Victory Loan workers of the Badger state found they could reach St. Paul as a central point easier than any central point in their own state they were gathered here. Mrs. C. A. Severance chairman of the women's work in the ninth federal reserve district is in charge of the meeting.

Canadian Mounted Police

Winnipeg, March 28—Winnipeg is to be headquarters of the Royal Northwest Mounted Police of Manitoba. Commissioner Perry has announced. Manitoba will have a reserve squadron to be located at Brandon. Superintendent Sparks takes charge of the Manitoba division with headquarters here. The reserve squadron for Saskatchewan will be stationed at Regina which will also be provincial and general headquarters.

EMPLOYMENT MEN TO GET A JOLT

Agencies of Twin Cities Charged
With Sending Men to Smaller
Towns to Take up Work

FOR WHICH THEY ARE UNFITTED

Plenty of Crow Wing County Soldiers
and Sailors Anxious for Jobs
Without Importing Any

Employment agencies in the Twin Cities engaged in "securing jobs for returned soldiers" are bound to receive a severe jolt, if the plan apparently now in vogue of shipping soldiers and sailors to smaller towns to take up work they are wholly unfitted for is continued.

An object lesson was afforded here yesterday when two bright young fellows, recently returned from overseas reported to the Red Cross that they were unable to handle the heavy ties they were expected to "juggle" at a local plant, although they were willing to perform any manual labor within their power.

Both were office men prior to going to war and were shipped here to "skin ties" as they supposed, their transportation being furnished. Now "skinning" ties and juggling, lifting and placing them are two entirely different lines of work, as they soon found and the foreman advised them that they were unfit for the work.

Broke, hands sore, and blistered, backs lame and their stomachs empty, all they had left was a good store of American grit and "pep" and every effort was made by the employment bureau officials of the Red Cross and the Chamber of Commerce to secure work for them.

This failing, telephone messages were sent to the Twin Cities with the result that the boys will probably be furnished transportation home today.

Steps will be taken by the Red Cross and the Chamber of Commerce to put an end to this indiscriminate shipping of young men from the cities into smaller towns to fill jobs they are wholly unfit to take no matter how willing they may be as in the case cited.

There are plenty of Crow Wing county soldiers and sailors without jobs the local authorities state, without importing any more into the locality and the home boys will be given preference in every case.

PAY DAY WILL BE ON SATURDAY

Pay day will be Saturday according to a telephone message from the shops at 3:30 this afternoon.

MRS. HELEN GRIMSTAD

Resident of Newfolden Died of Pneumonia Following an Operation

Mrs. Helena Grimstad, age 69, a widow who had her home in Newfolden, died at a local hospital from pneumonia following an operation. Her son, E. L. Grimstad, had brought his mother to Brainerd for treatment.

She leaves six children, being E. L. Grimstad of Brainerd; Moses of Newfolden; Miss Jacobine of Newfolden; Mrs. J. G. Gjording, who is a missionary in Shanghai, China; Mrs. Victoria Kolstad, of Ross, and Mrs. R. W. Rosenkranz of Ross.

She was a member of the Seventh Day Adventists. The remains will be sent to Newfolden for burial.

HAND CUT BY SAW

Erick Wicklund, Farmer of Long Lake, Badly Injured This Morning

Erick Wicklund, a farmer of South Long Lake, cut his hand while operating a wood saw on his farm. He was hurried to St. Joseph's hospital in the city and skilled medical attendance there may save the hand. A son of Mr. Wicklund is Ed Wicklund, bookkeeper of the water and light board of Brainerd.

BABY DIED

Three Weeks Old Boy of Mr. and Mrs. Joseph Caron Died, Funeral Friday

The three weeks old baby boy of Mr. and Mrs. Joseph Caron, who have a farm on South Thirteenth street, died Thursday and the funeral was held Friday at Crow Wing. The sympathy of the community is extended to the bereaved family.

(Issued by and for James R. Smith, Brainerd, Minn.)

FOR ASSESSOR

I hereby announce myself a candidate for the office of City Assessor for the ensuing term, and respectfully ask your support for said office on Election Day. Assuring you that if elected, I will use my best judgment in being fair and impartial to all.

J. R. SMITH.

A. A. WEIDEMANN TO ADDRESS BIG MEETING

Called at Chamber of Commerce this Friday Evening to Hear Water-works Bonds Explained

SPEAKER VERSED IN SUBJECT

Has Given it Much Study and a Plain, to the Point Address is Assured Citizens

Carl Zapffe, chairman of the Water and Light Board of the City of Brainerd, who was to have addressed citizens at the Chamber of Commerce rooms on the subject of bonding for a new and much needed water works system was called to St. Paul last evening and will not be able to speak this evening.

In his place, A. A. Wiedemann, also member of the Water and Light board and well posted on the subject, will address the meeting, which will be called promptly at 7:30 p. m.

The fact that the voters will express their sentiments on the question of voting bonds for a new water works system at the city election next Tuesday and the importance of the proposition should serve to bring out a large audience this evening. Mr. Wiedemann is well posted on the subject has given it much study and a plain, to-the-point address is assured. The general public is invited to this meeting and all interested are urged to attend.

BRAINERD CHAPTER OF THE RED CROSS

Regular Meeting Thursday Evening
Called to Order by Chairman,
Mrs. J. A. Thabes

BILLS ALLOWED AND PAID

Rev. Eloy G. Carlson, Chairman of
Civilian Relief, Reports on
Stranded Soldiers

Brainerd Chapter A. R. C. held its director's meeting on Thursday evening, called to order at 7:30 by Mrs. J. A. Thabes, with the following present: Mrs. J. A. Thabes, Mrs. W. H. Gemmell, J. P. Anderson, W. C. Cobb, Rev. Eloy G. Carlson, Mrs. H. W. Linnemann, Miss Jule O'Brien and Mrs. Angus Murray.

Minutes of the preceding meeting were read and duly approved.

The following bills were read by the secretary, accepted and ordered paid as read:

Brainerd Journal Press.....	\$ 50
W. E. Lewis, dryman.....	12.50
G. W. Chadbourne.....	10.85
Miller-Bryant-Pierce Co.....	2.25
Jeffery & McPherson Co.....	5.65
Mrs. H. W. Linnemann.....	8.74
Brainerd Dispatch.....	7.00
Transo Envelope Co.....	18.75

Letters from a sailor in the U. S. service, expressing his appreciation at having received a sweater made in Brainerd and with a request that the Chapter interest itself in his loneliness by securing a lady correspondent for him, read and no action taken.

The chairman read a list of standing committees for the year.

The case of two stranded soldiers sent here by an employment bureau from the Twin Cities for work, was reported by Rev. Eloy G. Carlson of the Civilian Relief Committee. He stated that they had been given meals and a telegram had been sent to Minneapolis asking instructions for further assistance to them. Moved by Anderson seconded by Mrs. Linnemann, that the soldiers be given a room and breakfast and that they make arrangements for their return home.

Rev. Heermance, representing the Northern Division A. R. C., as a field worker, gave an interesting talk on employment of discharged soldiers and sailors and child welfare, in which the Red Cross might be able to assist.

ANNUAL MEETING

Of Evergreen Cemetery Association.

To the lot owners of Evergreen Cemetery Association:

The annual meeting of said association will be held in the office of the president in the Probate Court room in the city of Brainerd, in the county of Crow Wing, on Tuesday evening, April 1st, 1919, at 8 o'clock sharp.

This meeting is for the purpose of electing trustees, they in turn to elect the other officers of the association, and to transact such other business as may be for the best interests of the association. Every lot owner is a member of this association and is hereby requested to be present and offer any suggestions that will be for the best good of the last resting place of our beloved dead.

J. T. SANBORN, President.

MILTON McFADDEN, Secretary.

LECTURE HERE ON CHRISTIAN SCIENCE

Rev. Andrew J. Graham, C. S., Member of Board of Lectureship of The Mother Church

LARGE AUDIENCE ADDRESSED

Speaker From the First Church of Christ, Scientist, of Boston, Massachusetts

Addressing a large audience, Rev. Andrew J. Graham, C. S., Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., lectured Thursday evening at Trades & Labor hall in the Iron Exchange building on Christian Science, being a lecture entitled "Christian Science, The Vision of Christ Jesus."

He said in part:

In the year 1866 Mary Baker Eddy, whom medical skill had failed to relieve of a serious physical trouble, was instantaneously healed through reading the Scriptures. Christian scientists know that with her healing began the modern fulfillment of Jesus' promise: "When he, the Spirit of truth, is come, he will guide you into all truth." Instead of taking her physical healing and losing herself in the throng of the unthankful, her gratitude to God and compassion for suffering humanity led her to investigate and to meditate. On page 109 of "Science and Health with Key to the Scriptures," Mrs. Eddy writes: "For three years after my discovery, I sought the solution of this problem of Mind-healing, searched the Scriptures and read little else, kept aloof from society, and devoted time and energies to discovering a positive rule." This rule she discovered, stated, elucidated, and demonstrated, over and over again, in healing the sick, thus reinstating the most practical feature of primitive Christianity.

The Textbook

It is fitting at this time to say something about the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mrs. Eddy. This book is not a commentary on the Bible, but a key to it. Other writers claim to bring out treasures from the Scriptures and to hand them to us: Mrs. Eddy gives us the key, saying, Open the book and help yourselves. Any claim to excellency can be sustained and maintained only by results—"by their fruits ye shall know them." The spiritual vitality and illumination which the student of the Bible receives through earnest study of the Christian Science textbook is undeniable proof that the latter is what is claimed for it—a key to the Scriptures. The dominant thought of the textbook is spiritual. If anything else is sought in its pages it will be unresponsive. To those who are hungering and thirsting after righteousness and to the sick and sinful who are seeking peace, it is as deep responding unto deep. Simply the reading of it has lifted thousands of sufferers out of despair. Friends: the man who is really homesick to know his heavenly Father, God, from whom he seems to be separated, is ready to study this textbook, and to gain through its teachings, healing and purity and peace. The Christian Science textbook, through informing and guiding the truth seeker, disposes thoroughly of a cold storage Bible, by throwing the doors wide open and exposing its treasures to all who desire them.

Christian Science Healing

What is Christian Science healing? It is the overcoming of disease by the same method which Jesus employed, that is, by understanding and utilizing the infinite power of God who, according to the psalmist, healeth all our infirmities. The results in Christian Science healing differ from those brought about by other methods in that they are moral as well as physical, and are far more complete, satisfactory, and enduring. Jesus never employed nor recommended the use of matter in any form to cure disease.

If one desires a fuller explanation he must study Christian Science, and learn how evil is explained and overcome metaphysically.

The Handicap

Sooner or later mortal man is forced to the conclusion that he has no health, that is, no healing power in himself, and by the same token he knows that no other mortal can heal him. He finds himself suffering from a handicap, which must be removed by some outside power before he can take any step into freedom. As a team of horses, on a rough road, unable to start the load without help, is able after the start is made to draw even a heavier load, so man, under the sore burden of sickness and sin, must have help before he can start. It is not required that a sufferer must believe in nor understand Christian Science before something can be done for him. I love Christian Science because it first loved me; because while I was as yet

ignorant of God as boundless love, Christian Science stretched out, as it were, a helping hand. The Scriptures state this truth of the removal of the handicap very beautifully: "We love him, because he first loved us." Divine Love always takes the initiative. This thought gives us courage; but to be fully benefited we must turn fully to divine Love. "It is God which worketh in you both to will and to do." It is God who removes the handicap and enables us to start. Wherefore, "Arise, let us go hence."

ROLL OF HONOR

First Sergeant George W. Power, son of Mrs. Maude Power, arrived in New York on the transport U. S. S. Von Stueben from Brest, France, March 23rd. He also was in England and while there was given a letter of welcome by King George.

LOCATED IN AURORA

Aurora News States Dr. M. H. Carlson of Winnipeg, Former Brainerd Boy, to Locate There

Under the heading "New Dentist Coming," the Aurora (Minn.) News, has this reference to Dr. M. H. Carlson, son of John Carlson of Brainerd, formerly practicing in Winnipeg, Canada, who is about to open an office in Aurora:

Aurora will have a new dentist on or about April 1 in the person of Dr. M. H. Carlson, who will open a modern dental office in the Anderson building in the rooms formerly occupied by Dr. V. E. Rapp. Dr. Carlson is at present practicing at Winnipeg, but he is a Minnesota young man whose former home was at Brainerd. He comes well recommended as an efficient and painstaking workman and should find Aurora a lucrative field. He has a modern equipment including an X-ray outfit, which will fill a long felt want in the community. Dr. Carlson was in the dental reserve of the Canadian forces and has recently received his honorable discharge.

LOCAL NEWS NOTES

(Continued from page 2)

feated by one vote by Harry Koop. It is believed, however, that no further action will be taken and Mr. Koop will be installed without question.

New Capes, Coats and Colmans. These are positively the newest and most up to date models shown this season. The beauty of the styles we show will appeal to you, so will our marvelously low prices. B. Kaatz & Son.

Dispatch want ads measured 25 inches on Thursday evening. There were 3 help wanted, 8 for rent, 24 for sale and 6 miscellaneous wants. Telephone your wants to the Dispatch Northwest 74, or mail the ad or have it sent to the office. Ads are cash, cent a word first insertion, half a cent a word each time thereafter.

The Brainerd Billiard Parlor and Barber Shop has removed from its old location at 619 Front street to the new Anna block on Front street, quarters assuring them of more light. The billiard section has five fine tables. The barber shop has three chairs, No. 1 presided over by Sam Young; No. 2, by E. J. Pilgrim, and No. 3, by Bert Boynton.

A fleet of Fords is on its way by road from Minneapolis to the Woodhead Motor Co. of Brainerd. In the fleet are two one-ton trucks and five

Modern Greek Language.

The language spoken by the educated classes, that used in the newspapers and other modern literature of Greece, differs from the Romaine used by the lower classes. The former is distinguished by a greater resemblance to the Greek of antiquity, which renders it easy for anyone who has a satisfactory acquaintance with ancient Greek to read the literary Greek of the present day.

LIFT OFF CORNS!

Drop Freezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No lumbago!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Too Cool for Comfort.

The coldest place on earth inhabited by man is Verkhoyansk, above the arctic circle, in northeastern Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 86 degrees above zero in the shade in July, dropping, however, to the freezing point on the warmest summer night.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

BESSARABIANS REVOLT

Republic Proclaimed and Military Operations Ordered.

Army Captures Sadagora and Pushes Rumanians Across Pruth River Toward Larga.

London, March 28.—A republic has been proclaimed in Bessarabia and its directorate has ordered military operations against the Rumanian army of occupation, a part of which has been forced to fall back, according to a Warsaw dispatch to the Telegraph, quoting word from Shotin. It is stated that the movement is evidently engineered by Bolsheviks, supported by Ukrainians who seek to break through Rumania to establish contact between Moscow and Budapest.

The Bessarabian army has captured the important town of Sadagora and is pushing the Rumanians across the Pruth river toward Larga. M. Liskin heads the new Bessarabian government.

Bessarabia is a former province of Russia, bordering Rumania on the northeast. It has been claimed and occupied by Rumania.

The Bessarabian army has captured the important town of Sadagora and is pushing the Rumanians across the Pruth river toward Larga.

The belief was expressed here that the Russian Bolsheviks are engineering the Bessarabian campaign for the purpose of establishing direct communication between Moscow and Budapest.

Chotin is in Bessarabia, 175 miles east of Lemberg. Larga is in Rumania, 100 miles southwest of Chotin.

Suffered for Eight Years

Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work." H. P. Dunn. mwf

WOULD GO TO SWITZERLAND

Former Kaiser, Alarmed by Threats, to Leave Holland.

Geneva, Switzerland, March 28.—Former Emperor William of Germany, alarmed by the receipt of threatening letters, intends to leave Holland and seek refuge in Switzerland, according to the newspaper La Suisse.

Swiss newspapers are printing many advertisements inserted by members of the German and Austrian nobility who are seeking houses in this country at moderate prices.

New York Butter. New York, March 28.—Butter, lower, 1.168; creamery higher than extras, 62½ @ 63c; creamery extras, 61½ @ 62c; firsts, 59 @ 61c; packing stock, current make No. 2, 41½ @ 45c.

Doing Her Bit

"More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I felt it my duty to tell them just how much good it has done me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

U. S. FIGHTING MEN WANTED A CHURCH

REPORT OF Y. M. C. A. IN CENTRAL MILITARY DEPARTMENT CONTAINS INTERESTING INFORMATION.

REP. FRANK MONDELL

After Representative Frank R. Mann of Illinois, floor leader in the last House, had been re-elected on the first ballot by the Republican conference and had declined to accept, Representative Frank Mondell of Wyoming was chosen leader in the next House. Mr. Mondell has been a member of congress for twenty-two years.

ALL CHANCES AGREED UPON

League of Nations Commission Complete Consideration of Covenant Articles.

CONTAINS 26 ARTICLES

Japan's Desire for Recognition of National Equality Not Satisfied—Premiers Confer on Indemnities and Adriatic Problem.

Paris, March 28.—With President Wilson in the chair, the League of Nations commission has completed consideration of the covenant, referring it to a drafting committee consisting of Col. E. M. House, Lord Robert Cecil and Ferdinand Larnaude, dean of the Paris law faculty.

This committee will correct the phraseology where necessary and refer it back to the commission for final consideration before it is reported to the peace conference. The covenant still contains 26 articles. No amendment has been incorporated which specifically meets the desires of Japan for recognition of national equality.

Premiers Meet With Wilson. President Wilson's study was the center of interest as he with the premiers of Great Britain, France and Italy resumed the effort to settle the questions standing in the way of peace.

Previous to the meeting, Premier Orlando spent an hour with Colonel E. M. House discussing the question of the Adriatic which, with that of reparations and the Rhine frontier, are the three vital issues obstructing progress. Indemnity Total Undecided.

The question of indemnity was again the main stumbling block in the meeting of premiers and Wilson.

Financial advisers agreed in the main with the views of the American delegates concerning Germany's resources and ability to pay, but it still remained for the members to make a final decision on the total of the indemnities.

The Rhine frontier question may come up next. President Wilson has outlined a plan which he hopes may become the basis of an agreement.

Adriatic Issue Most Stubborn. The Adriatic issue is the most stubborn question remaining, with no indication of a compromise. The Italian reports of disorder at Spalato are not confirmed by American reports direct from that place. These latter reports show the Serbs work effectively and peacefully, while the Italian admiral is reported to be arresting a large number of Jugo-Slavs. When the Americans intervened, the Italian reply, the reports state, was that the United States was not a party to the secret treaty of London and therefore had no status in the controversy. Such conditions as these, it is pointed out, are seriously hampering the solution of the Adriatic question.

The Italian delegation has notified the conference of the suppression of the military and commercial blockade in the Adriatic by which trading in the Adriatic returns to conditions before the war, except that until peace is declared Allied warships will have the right to search merchantmen.

U. S. FIGHTING MEN WANTED A CHURCH

REPORT OF Y. M. C. A. IN CENTRAL MILITARY DEPARTMENT CONTAINS INTERESTING INFORMATION.

Chicago.—Uncle Sam's soldiers and sailors go to church. Figures showing attendance at religious services in Y. M. C. A. huts in military camps of the central department prove it.

Attendance at the religious meetings and Bible classes held in the huts between May 1, 1917, and December 31, 1918, was more than 5,250,000.

A. H. Lichty, executive secretary of the central department of the national war work council of the Y. M. C. A., has issued a report covering statistics of the Y. M. C. A. activities in the 131 huts in Central department camps. Mr. Lichty is in command of nearly 1,000 workers. Before coming to Chicago for war work he was secretary of the Ohio State Y. M. C. A. During

A. H. LICHTY.

his administration more than 2,500 men and women have been recruited in the 14 Central states for overseas service with the Y. M. C. A.

The number of letters written in huts in the 33 military camps totaled 62,798,410. The total attendance was 60,663,506.

Movies were the most popular feature of the "Y" service in the camps. The attendance at the 12,496 motion picture shows was 5,979,303, an average of more than 400.

The "Y" educational features were popular. In the 20 months 7,570 lectures were heard by 2,202,810 soldiers and sailors. The 68,272 classes of various kinds drew 1,394,418 and the 982 science and art clubs 62,530. For the American Library association the "Y" passed out 1,423,968 books.

Athletics Popular.

The number of participants in athletic contests under the direction of the "Y" was greater than the number of spectators. There were 5,398,259 in the contests and 4,437,917 "looking on."

The 902 workers in the 131 huts in the army and navy camps and the 184 S. A. T. C. units passed out to American fighting men 510,432 Scriptures. There were 282,229 personal interviews on the subject of religion; 52,754 decisions to accept the Christian faith and 117,770 signed the "war roll" pledging themselves to a Christian life.

The 17,361 entertainments not including movies, drew 6,731,646 soldiers and sailors.

The fighting men were thrifty. In the period covered by the report the "Y" sent home for the enlisted men \$3,996,025 in money orders.

"Y" to Open Clubs for Troops.

At the request of the French minister of marines the Y. M. C. A. is planning the establishment of clubs for American and French troops in Toulon and in the suburbs of that city.

Y. M. C. A. NO LONGER TO MAINTAIN ARMY POST EXCHANGES.

Paris.—The American Y. M. C. A., at its own request, has been relieved of its work of maintaining the post exchanges with the American army. Correspondence exchanged between General Pershing and E. C. Carter, in charge of Y. M. C. A. with the army, shows the reason for this arrangement was that the Y. M. C. A. now has "increased responsibilities in promoting educational, athletic and entertainment activities in the American expeditionary forces," thus placing a rapidly increasing burden on its personnel.

General Pershing in a letter to Mr. Carter approving the change, expressed his thanks "for the very valuable services and assistance which the Y. M. C. A. has rendered to the American expeditionary force in handling these exchanges. General Pershing added:

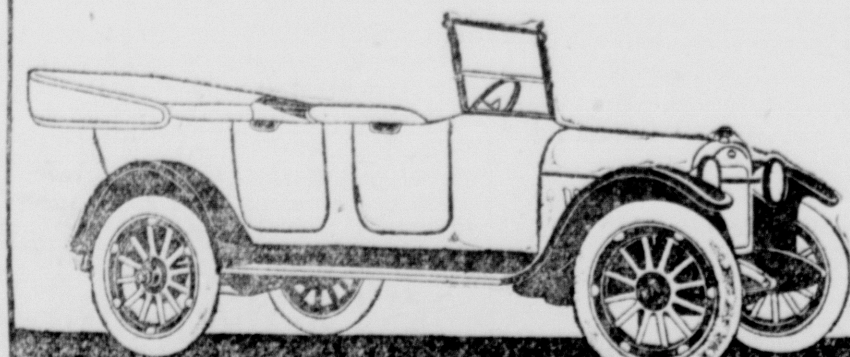

"Handicapped by the shortage of tonnage and land transportation, the Y. M. C. A. has by extra exertion served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishments of the American army."

HIGH POWER for HIGH UTILITY

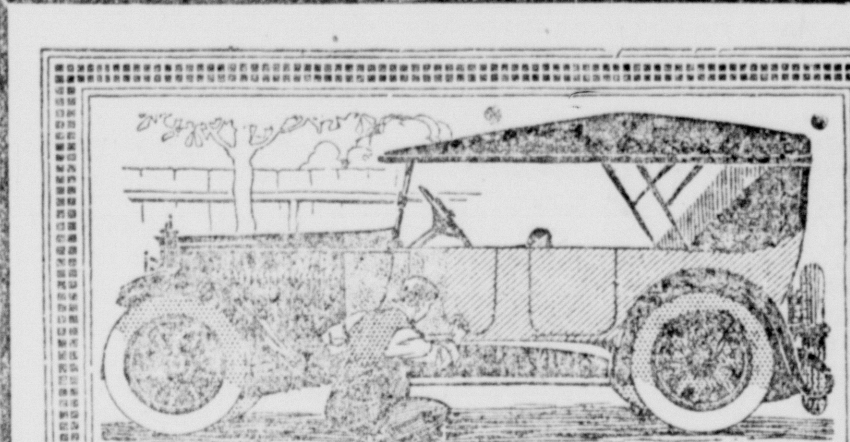

An index of the immense ability and usefulness of this all-family automobile is the fact that it has more power in proportion to its weight than any other car built, save one costing more than \$3000.

Optimistic Thought.

A true soldier never bends his sword to cruel slaughter.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. Cheney & Co., Toledo, Ohio. Sold by all Druggists, 75c.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost. Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

WANTED

General agent for this city, lady or gentleman—even if you are now employed. You can easily make \$50 to \$100 per week without giving up your present position. No experience necessary. I teach you how. Write for full particulars and free working outfit—to the

William L. Tull

Organization. 105 Sherman Bldg., Duluth, Minn.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

WILSON DENIES
DELAYING PEACE

President Issues Statement Covering Doings of Commission on League.

DRAFT IS COMPLETED

American Executive Says Entire World Has Had Full Month in Which to Discuss Original Plan of Covenant.

Paris, March 28.—The following statement has been issued by President Wilson:

"In view of the very surprising impression which seems to exist in some quarters that it is the discussions of the commission on the league of nations that are delaying the final formulation of peace, I am very glad to take the opportunity of reporting that the conclusions of this commission were the first to be laid before the plenary conference.

"They were reported on Feb. 24 and the world has had a full month in which to discuss every feature of the draft covenant then submitted.

"Differences Utilized. During the last few days the commission has been engaged in an effort to take advantage of the criticisms which the publication of the covenant has fortunately drawn out. A committee of the commission has also had the advantage of a conference with representatives of the neutral states, who are evincing a very deep interest and a practically unanimous desire to align themselves with the league.

"The revised covenant is now practically finished. It is in the hands of a committee for the final process of drafting and will almost immediately be presented a second time to the public.

Conference at Odd Times.

"The conferences of the commission have invariably been held at times when they could not interfere with the consultation of those who have undertaken to formulate the general conclusions of the conference with regard to the many other complicated problems of peace. So that the members of the commission congratulate themselves on the fact that no part of the conferences has ever interposed any form of delay."

Foch Before Council of Four.

The super-council of the president and premiers, known as the Council of Four, divided its labors between the "White House" and M. Clemenceau's private office, adjoining the war office. The Franco-German frontier was the chief topic of discussion, this following upon an agreement reached on reparations for war damages. It is understood this agreement includes the vital point of the total amount of indemnity, which will not be announced at present, as likely to cause discussion and arouse hostility in enemy quarters.

CALLS BRIBE STORY FALSE

Iowa Governor Testifies Before Legislative Committee.

Des Moines, March 28.—Governor W. L. Harding completed his testimony in the Iowa House judiciary committee's investigation of the Rathbun pardon case, and denied emphatically that he had received a bribe in any form for granting the pardon. The governor reiterated that he granted the pardon because he believed Ernest Rathbun innocent after reading the records in the case, and the recommendations for clemency from the trial judge and prosecuting attorney.

RECOMMENDS 48-HOUR WEEK

British Industrial Committee Submits Its Report.

London, March 28.—Recommendations that a legal maximum working week of 48 hours, subject to variation in proper cases with adequate safeguards, be established, that systematic overtime be discouraged and that legal time wage rates of universal applicability be fixed, are made in the report of a committee appointed by the industrial conference which met in February at the request of Premier Lloyd George.

BANDITS DYNAMITE LODI SAFE

Descend on Town and Escape With Several Thousand Dollars.

Lodi, Wis., March 28.—A band of automobile bandits descended upon this town, dynamited the safe in the office of the W. W. Steeler Lumber company and escaped with several thousand dollars, mostly in Liberty Bonds. Bloodhounds later trapped one of the band evidently left behind as a tipoff on the edge of the town. None of the loot was recovered.

Chicago Mayor Sues Opponents.

Chicago, March 28.—Mayor William Hale Thompson filed suit for \$250,000 damages against Betram M. Winston and George H. Porter, officers of the Robert M. Sweitzer Nonpartisan league. Sweitzer is Mayor Thompson's Democratic opponent.

NEWTON D. BAKER

Secretary of War Planning to Sail for Europe.

Secretary Baker now plans to sail for Europe about April 6. The time of his stay abroad has not been determined.

PREPARING NEW BILL

Immigration Officials Advocate Drastic Changes.

Proposed Law Will Place Burden of Proof of Fitness on Those Desiring Entry.

Boston, March 28.—A. Warner Parker, law officer of the United States Bureau of Immigration at Washington, announced that the bureau of immigration had drafted a tentative immigration law which would have a number of radical provisions regarding the admission and stay of aliens in the United States.

Speaking before the Boston Chamber of Commerce, Mr. Parker said three main features were included in the proposed new immigration law, namely:

Registration of all aliens now in the United States or who are to apply for admission hereafter. Making the admission of immigrants provisional or probationary during their stay in this country; and changing the burden of proof of requirements for admission so that it will be incumbent upon aliens to prove their fitness for admission rather than upon the government to prove their unfitness, as at present.

"Our proposed law," said Mr. Parker, "is the result of months and months of study on the part of officers of the bureau of immigration, and while it is not yet in completed form it will be ready for presentation at the next session of congress."

SYSTEM UNDERGOES CHANGE

War Department Revives Casualty List Plan.

Washington, March 28.—The War department, April 1, will discontinue the method of issuing casualty lists which has hitherto made them available for simultaneous publication in all newspapers throughout the country. This has been decided upon, it was explained, because practically all the casualties incurred in fighting have been announced.

The War department will furnish full lists for mailing from Washington, but they will not be issued for publication on any specified date, and may be published whenever newspapers receive them.

REVOLT THOUGHT IMMINENT

Uprisings in Austria and Bohemia Are Expected.

Berne, March 28.—Bolshevik uprisings in Austria and Czech-Slovakia are imminent, according to advices received here. Any move in those two countries against the Hungarian soviet government is expected to precipitate the trouble.

RESIGNATION STORY DENIED

President of Czech-Slovakia Is Holding His Position.

Washington, March 28.—The Czech-Slovak mission here received an official denial of the report of President Masaryk's resignation, which was sent from Berlin by way of Copenhagen.

Victim of Actor's Car in Hospital. Los Angeles, Calif., March 28.—Douglas Tinch, a New York boy who was injured by an automobile driven by Bryant Washburn, a motion picture actor, is resting easily at a local hospital.

Revised Covenant of
League Presented

BY ED L. KEEN,
(United Press Staff Correspondent.)

Paris, March 28.—The revised covenant of the league of nations will be presented to the league commission with three important amendments still in abeyance it developed today. These amendments cover the Monroe Doctrine, Japan's claim for racial equality, and France's recommendations for greater guarantees of military security. The constitution, now in the hands of a special drafting committee, is expected to be completed shortly. This committee's powers are restricted to framing the form of the covenant. It can change the verbiage, but cannot add to or take away from the substance. President Wilson, it was stated, is free to bring up his Monroe Doctrine amendment when the league committee meets again to receive the draft.

Seventy Killed When
Oil Tanker Exploded

(By United Press)
Venice, March 28.—Seventy persons were killed and many injured when an oil tanker exploded in the harbor here this morning.

Italian Troops Occupy
Austrian Cities

(By United Press)
Zurich, March 28.—Seven thousand Italian troops have occupied Stuplissenberg and Rabb, taking over part of the Vienna-Budapest railway, say dispatches today. Two Rumanian army corps are said to have crossed the frontier of eastern Galicia.

GERMAN OFFICIAL SQUEALS

Chancellor Scheidemann Says Teutons Will Not Sign Treaty.

Copenhagen, March 28.—Chancellor Scheidemann, addressing the national assembly, again threatened the Peace conference with a refusal to sign the peace treaty, according to a dispatch from Weimar.

"A cry of despair, an appeal to the conscience of humanity, is arising from all parts of Germany," he said.

Alaska Plans Steamer Line.

Juneau, Alaska, March 28.—Governor Thomas Riggs, Jr., in a special message to the territorial legislature urged legislation which would permit the territory to enter the steamship business by placing not less than four vessels on the run between Alaska points and Puget sound.

War Over for Porto Rican Troops.

San Juan, P. R., March 28.—The last of the Porto Rican troops who were on duty in the Panama Canal zone during the war have returned.

Easier Installment
Privileges for New
Government Loan

(By United Press)

Washington, March 28.—Installment privileges for the Victory Loan will be the most liberal of any government loan, Secretary Glass announced. Payment will be permitted in six installments, ten per cent on or before May 10, 10 per cent July 10th, 20 per cent August 12th, 20 per cent September 19th, and 20 per cent October 7th, and the remainder November 11th, with accrued interest.

Russian Affairs
Prominent in
Peace Conference

BY FRED S. FERGUSON
(Staff Correspondent, United Press)

Paris, March 28.—Russia is again taking a prominent place in the peace discussions it developed today. Though the Russian situation has recurrently appeared, its present injection is believed to be important and significant.

Chicago Labor
Party Would Recognize Bolsheviks

(By United Press)

Chicago, March 28.—The executive committee of the new Chicago Labor Party today demanded of the government the recognition of the Trotsky-Lennine government.

GERMAN LEADERS INVOLVED

Prominent War Statesmen and Generals May Be Tried.

Berlin, March 28.—The German government is planning the creation of a court of investigation for German personalities accused of crimes during the war who have requested the investigation of their cases, the Vossische Zeitung says.

The National assembly, the newspaper adds, will enact a suitable law for a court to try General Ludendorff, former Chancellor Von Bethmann-Hollweg, Admiral Tirpitz, former Foreign Minister Von Jagow and others "whose activities can only be judged by such a court."

ALLIED POLICY UNCHANGED

French Foreign Minister Opposes Dealing With Reds.

Paris, March 28.—Foreign Minister Pichon in the Chamber of Deputies said that the Russian policy of the government was unchanged. He said that the government had no desire to influence Russian internal politics and that the French troops had been sent to Russia to assist the Czech-Slovaks.

The present ruling group in Russia, he continued, had refused to call a constituent assembly and had suppressed all liberties.

Hungarian Premier
Makes Statement

BY EDWARD BING,
(United Press Staff Correspondent)

Budapest, March 26, 9 p. —"We are ready to continue peaceful and friendly relations with the allies if possible, but we will fight to defend our just interests" Bela Kun, foreign minister of the Hungarian soviet government declared in a statement to foreign correspondents today.

Count Karolyi, the former premier, who turned the country over to the communists, reiterated in an interview his statement that the entente imperialism was responsible for the change of government in Hungary. "I will continue to work for the sacred cause of saving my country" he said.

Lennine Urges Hungary to Attack Vienna

By FRANK J. TAYLOR
(United Press Staff Correspondent)

Berlin, March 27.—Premier Lennine has wired the Hungarian soviet government urging that it send a bolshevik army against Vienna, according to a dispatch received from Budapest today. He is said to have promised to finance a Hungarian expedition against Austria to the extent of twenty million dollars. Discovering that Spartacists planned to arm several thousand Russians in Rethelien prison tomorrow, Americans rushed the prisoners aboard trains tonight and are scattering them in other prison camps throughout Germany in charge of Americans. This action is believed to have nipped a bolshevik plot to follow Hungary in declaring a soviet republic.

Russian Bolsheviks
Threatens Austria

(By United Press)

Berne, March 28.—Russian bolshevik forces penetrating Galicia are advancing so rapidly that Austria is threatened.

EXPORTS \$20,000,000 DAILY

U. S. Government Planning Drive for World Trade.

Washington, March 28.—American exports now average more than \$20,000,000 a day, according to the department of commerce. If this tide of gold toward America can be maintained, experts say, it means more factories, employment, continued high wages and greater markets.

In 1914 United States exports totaled only \$2,000,000,000 in goods. In 1918, during the closing months of the war it had jumped to the rate of \$6,000,000,000 a year, while now commerce department figures show, exports are leaving American ports at the rate of \$7,500,000,000 annually. They averaged \$21,000,000 daily in February.

Artist, Commissioned by British Government, Surrounded by His
Portraits of Notable Persons Who Are at the Peace Conference

SIR WILLIAM ORPEN

Great Britain has commissioned several prominent artists to paint portraits of notables attending the Peace Conference. This photograph shows Sir William Orpen at work on five portraits which will be a part of the British official collection. The likenesses are those of the Maharajah of Bikaner, who commanded the Indian troops on the western front, Lord Reading, an Egyptian Emir (name not given), Sir Robert Borden and M. Venizelos.

WILLIAM G. McADOO

Pays High Tribute to War Work of the Boy Scouts.

William G. McAdoo, former secretary of the treasury, has accepted the chairmanship of the National Citizens' committee of the Boy Scouts of America. In a letter of acceptance sent to Colin H. Livingstone, president of the organization, he paid high tribute to the war work of the scouts.

COAL MEN ARE PEEVED

Bituminous Producers Quit Federal Price Conference.

Operators Issue Statement Charging Railroad Administration With Unfair Practices.

Washington, March 28.—Bituminous coal operators of the country through the National Coal association announced they would not resume conferences with the industrial board of the department of commerce with a view to readjusting coal prices until "the co-operation and support of the Railroad administration and other government departments buying coal had been secured."

Whenever the board could assure such co-operation, the coal men said, they would be willing to continue the conference.

The operators, who represented approximately three-fourths of the country's bituminous production, after conferring with the board, adopted a resolution setting forth their attitude and issued a statement charging the Railroad administration with adoption of "unfair practices which would drive the price of railroad fuel below the cost of production."

Members of the industrial board, of which George N. Peck is chairman, refused to comment on the conferences with the coal men beyond saying that "only general policies had been discussed." It was understood, however, that in the conferences the prices fixed by the Railroad administration and other governmental agencies for coal was the chief contention.

5,500 AMERICANS MISSING

General Pershing Reports Men Still Unaccounted For.

Washington, March 28.—General Pershing reported to the War department that there are still 5,500 officers and men of the expeditionary forces listed as missing. This total compares with the British official figures of 161,800 missing and the French of 290,000.

All of the 5,500 names have been reported as "missing" in casualty lists already published, the report said.

TO TEST WARTIME DRY LAW

Distillers Order Legal Counsel to Take Necessary Steps.

Chicago, March 28.—A decision to make an early contest of the constitutionality of the war time prohibition restriction effective July 1, was reached at the close of a two-day session of the distillers' committee and about seventy-five officials of as many distilling concerns. Instructions to that effect were given to Levy Mayer, chief counsel for the committee.

WILSON WIRES SUFFRAGISTS

Expresses Hope That Amendment Will Be Adopted.

St. Louis, March 28.—The following message from President Wilson at Paris was read at the session of the National American Woman's Suffrage association convention here:

"Best wishes for convention. I earnestly hope suffrage amendment soon will be adopted."—Woodrow Wilson.

France Given Another Credit.

Washington, March 28.—France was given a credit of \$100,000,000 by the treasury and Greece was given \$3,639,000 additional. This made total credits to France, \$2,617,477,000; to Greece, \$2,412,000, and a total for all Allies of \$9,036,529,000.

FAVORS SELLING
FEDERAL BOATS

Chairman Hurley of Shipping Board Would Dispose of Merchant Vessels.

OUTLINES HIS SCHEME

Advocates Disposing of New Ships at Market Prices So That the Purchasers Could Compete With Foreign Tonnage.

New York, March 28.—Private ownership of the great merchant marine which has been built by America under the stimulus of war, with such governmental regulations as would prevent watered stock and assure the use of the vessels on trade routes promoting the general welfare of the nation, was put forward here by Chairman Hurley of the Shipping board as his plan for the peace-time operation of the government-built fleet. He was speaking before the National Marine League.

Enunciating the most important reconstruction decision so far reached by any government department, Mr. Hurley said he would have the government sell the new ships at market prices, so the operators could compete with foreign tonnage, and would have the bottoms insured jointly by the government and American companies until the latter developed sufficiently to carry alone the enormous risk on more than \$1,000,000,000 worth of property.

Would Bar Aliens.

No alien would be permitted to own any stock in any American vessel, and the transfer of vessels to foreign flags would be permitted only by express consent of the government. "American ships for American trade" is the central thought of the plan, which will be submitted to Congress as a basis for legislation.

"We want the initiative and skill of American ship operators, but we want no watered stock," said Mr. Hurley. "We want to avoid the stagnation that sometimes comes from red tape and bureaucracy, but we want no profiteering or exploiting."

"We want the new fleet used for the benefit of the people of the United States and not against their larger interest. We want it used for the development of the nation's commerce, not merely for the development of the private fortunes of ship operators."

Comparing the problem of water transportation with the still-unresolved question of railroad management, Mr. Hurley made a plea for public attention to the details proposed for operating a fleet which next year will aggregate 16,732,700 deadweight tons of steel ships, 70 per cent owned by the government. The present fleet includes 555 ocean-going steel cargo vessels of 3,385,475 deadweight tons and contracts have been let for 1,336 similar vessels of 9,275,000 deadweight tons.

FREIGHT RATES ATTACKED

California Fruit Growers Object to Railway Charges.

Washington, March 28.—Increased freight rates put into effect by the Railroad administration last year were attacked in a complaint filed with the Interstate Commerce commission by the California Citrus league, making Director General Hines and several hundred railroads defendants.

The complaint asserted that "no investigation or examination of any kind was made by the director general or anyone else in authority to determine that the orange industry under the rate then existing had not paid its fair share of the expenses" of operation under federal control.

HUNGARY RAISING AN ARMY

Red Military Chief Is Adviser of the Government.

Budapest, March 28.—The new Hungarian government has begun reorganization of a revolutionary army to be recruited from the organized proletariat and the soldiers and workmen now mobilized. The chief of the Red army, reports received from Budapest say, is of the adviser of revolutionary government, but control of the conduct and organization of the army will be in the hands of the People's Commissioner for Military Affairs.

The soldiers will get 450 crowns monthly and will be equipped, armed and fed at the expense of the state.

Oil to Christen Battleship.

Chicago, March 28.—No sparkling champagne will be wasted in christening battleships after July 1. A regular champagne bottle will be broken across the bow of the ship but it will be filled with crude oil. This announcement is made here by officials of the National Petroleum congress. The new U. S. S. Tulsa—named for the Oklahoma oil center—will be christened by Miss Lulu Crosbie, daughter of a Tulsa oil operator, when it is ready to launch. She will use oil from one of her father's wells.

This May Help You to Solve the
Question of High Living Cost.

Government Industrial Commis-
sions are active in trying to arrange
for a reduction of living costs and
yet maintain present wage earnings.
They find it a difficult job. Now
over forty Brainerd families during
the past two years have solved this
high expense riddle, which has vexed
great statesmen, by cutting the "Gor-
dian Knot" of high living costs, by
swift strokes of the hoe, instead of
Caesar's sword. This means they
have secured from Nettleton large
lots and building materials, paying
for the lots with their rent money
and \$10 to \$15 a month for build-
ings, out of their wages. Then they
raise almost or all of their food stuffs
and exchange their surplus, also their
eggs and chickens for what they
could not raise themselves. This
plan of getting homes and making
your own living has been carefully
worked out by P. B. Nettleton from
his long experience from territorial
days down to date. This plan is in
line with the government's plan too.
With two or more large liberty lots,
well cultivated, and a good cellar
well filled, the owners are independ-
ent. The high cost of living has no
terrors for them. That this idea has
taken deep root in Brainerd is clearly
proved by over forty families who
have taken this home-owning cure
during the past two year and during
this month of March have taken
twenty-four lots, to live on and cul-
tivate this year. Liberty Realty Co.,
by P. B. Nettleton, president, pro-
moter of the home, garden, chicken
and rabbit industry in Brainerd,
Minn. 1t

Coats and Suits Correct in Style and Price

We want you to know what the Printzess label means to women of taste and refinement all over the country. Our assortment of spring coats and suits was never more complete. They reflect all the distinctiveness and individuality of the latest Paris styles.

You will find Printzess coats and suits the most economical garments you can buy. We do not necessarily mean the lowest in price, but for durability combined with style, they cannot be duplicated in price. Exquisitely tailored, with trim stylish lines that hold their shape, you will find Printzess distinction in dress and style leadership known from coast to coast.

It pays to buy coats and suits that are quality made. They fit better. They look better. They wear better. Do not take our word for it. Come in and look them over for yourself. It is a pleasure for our sales force to show you a garment bearing a Printzess label. It places you under no obligations to us for we know that when you are ready to purchase, having seen for yourself, you will desire Printzess garments.

In conception and appearance the New Series 19 Studebaker Cars express beauty, grace and refinement of design.

Every detailed unit of their construction reflects the painstaking skill of experts whose experience is available only to great organizations. It was determined, long ago, to summarize in this New Series the very best that men knew, and so one mechanical detail after another was weighed and considered; tested and accepted or rejected upon a purely quality basis. For the cost-element had no part in the design. The price was never even figured until after the preliminary models had been completed, tested, accepted.

That is why, entirely apart from the beautiful lines which compel the attention of anyone who appreciates grace and harmony, these cars are so far out of the ordinary. That is why we can take you hand-in-hand, so to speak, and show you every detail of construction, slighting nothing, proud in the confidence that the more of a mechanical expert you are, the more you will appreciate what you see. That is why these cars are exactly what you would yourself choose in detail and assembly, were you an expert engineer and building the finest modern motor car from a standpoint of ripe experience.

The New Series consists of three models, similar in general design, each of ideal size for its purpose—a 5-Passenger FOUR; a 5-Passenger LIGHT SIX and a 7-Passenger BIG SIX.

BUS TO RUN TO SUNDAY SCHOOL

New Departure Introduced by the Methodist Church Sunday School. Begins March 30

THE PLAN TO BE GIVEN TRYOUT
Schedule Announced, Bus to Make a Return Trip at the Close of the School

The Methodist church school begins a decidedly new departure on Sunday. They find that they have a number of adherents in both North-east and Southeast Brainerd who do not attend because of the distance to the church. To make it possible for these to attend they begin a bus service to these sections of the city on Sunday morning.

This plan will be given a tryout and if successful will continue it permanently. The bus will carry all bound for the Methodist school on the following schedule:

Leave 19th and Oak streets S. E. Brainerd, at 11:35 A. M. Will make stops at 17th and Oak and at 13th and Oak.

Leave Smith's store, N. E. Brainerd, at 11:45 A. M. and make stops at Guinn's store and at Kindred St. and 3rd Ave.

The bus will then make a return trip at the close of the school.

This school is not only working for a large school but for a most efficient school.

COOK SALE

Funds Gained to Buy Service Buttons for all Block Workers

It is proposed through the money secured at the cook-sale held tomorrow afternoon and evening at Koop's grocery on 7th street, to obtain funds to purchase service buttons for all the block workers and other women lined up under the Council of Defense. These buttons or rather pins were designed by Tiffany of New York and are of the same design as those sent to all the county chairmen in the U. S. by the National Council. It is up to each community to furnish these to the local workers. In Minneapolis it was done through the War Chest fund which in that city finances the Woman's Committee.

Mrs. L. P. Hall, county chairman, says she does not like to wear her pin till each worker in the county has one. The block workers have been the hands through which many a project of nation-wide and local importance has been put over to Brainerd during the past year. It is expected that wide interest on the part of both men and women will be taken in this sale that each block-worker may have this souvenir of her service. Now perhaps we think lightly of them but in the years to come they will be much prized. Home works has often been left at a moment's notice to respond to a call for service.

Let the women of Brainerd who appreciate the help this has been in gathering up our gifts and notifying us of need, telephone their block workers without delay naming what they will contribute to the sale.

In case any one has not time to bake, canned goods or jellies will be acceptable.

Basket Social

There will be a basket social this evening at the church parlors of the Swedish Lutheran church, given by the Luther society. Everybody welcome.

Surprise Party.

Mrs. Hubert M. Luther of Nisswa, was pleasantly surprised by a number of her friends, Wednesday evening, at the home of her parents, 620 North 10th street.

A light luncheon was served and the evening was enjoyed by all.

At the Best Tomorrow

Gladys Huette and Creighton Hale will appear at the Best theatre tomorrow in their new picture play "Waifs" a charming, romantic comedy drama written by Grace Sartwell Mason. In "Waifs" little Miss Huette, who has been called the perfect ingenue of the screen, assumes the role of the spoiled daughter of a multi-millionaire. She balks at his matrimonial plans for her and escapes from the parental home via the window. What befalls her in the great city to which she flees and how circumstances cause her to find happiness as the sweetheart of a poor young man, are the high spots in this delightfully written picture play.

DISPATCH WANTS GET RESULTS

At the Best Today

Henry B. Walthall who has long been acclaimed the most talented actor of the screen, has in "The Long Lane's Turning" a role which possesses all the elements of those characterizations which established this star as supreme in his work for one screen.

Mr. Walthall assumes the part of Harry Sevier, a brilliant young attorney in a Virginia town who is secretly addicted to liquor. The vice results in his losing a case, sacrificing for the time being the love of the beautiful girl he hopes to marry, and involves him in an attempted blackmailing and murder episode, for which he is sent to prison in

METER SYSTEM FAIR

After reading today's article on water rates in the bond issue column we feel elated, gratified, and confident. No fair minded man can entertain other but the highest opinion of the manner in which the financial side of the new water works system has been planned and handled. As a result we have greater confidence than ever that the whole water works system as proposed is O. K., and it

We are elated to think that the bond issue now turns out to be really a small sum of money, for if it requires no more than a 25 cent to 30 cent rate to meet our obligation, it surely is not an extravagant investment. It behooves everybody to get behind this matter and push for a favorable vote. If you have any petty grievances or selfish views, it will be well to remember that a defeat of this measure will be equivalent to cutting off your nose to spite your face.

The provision to use water meters seems to us to be a wise one. We will not be so concerned then when some neighbors let his garden hose run all night. It will be his concern because he will pay accordingly, and the more water he uses the better the city will like it. Anyway, if we meter gas and electricity, why not meter water also.

Time changes Sunday morning at two o'clock. Set your clock ahead one hour Saturday night before going to bed in order to have the right time Sunday morning.

Don't forget to set your clock ahead Saturday night before going to bed.

Guard the Children's Health
Mrs. Eflaw, Box 26, Belnett, Wis. writes: We have always used Foley's Honey and Tar for colds and find it great. The children all run for it when they see the bottle and ask for more. Contains no opiates, safe, and harmless, but gives prompt relief to coughs, colds, croup and whooping cough. H. P. Dunn. mwf

WHY
YOU SHOULD
VOTE
WATER WORKS
BONDS

A series of articles prepared by the Water & Light Board to explain why new water works are necessary, what is planned to replace the old works, and the suitability of that which is advocated.

XXII.
Meters

Recently compiled figures covering the consumption in sixty six places whose population ranges all the way from 1200 to 2,500,000 people, shows that consumption decreases in a definitely marked ratio as metering is increased. Metering only 70% of the population cuts the consumption in half on the average. The maximum benefit, however, is obtained by metering everybody.

METERING DOES THIS
Makes all pay according to what they use.

Enables giving better service at lower rates.
Keeps down operating costs.
Eliminates waste.
Makes payments for water equitable for all.
Places the burden where it belongs.

Meters are needed most in summer because of the many and increasing numbers of gardens and lawns.

Meters are needed most in winter because many customers find it necessary to leave the water running to prevent pipes freezing. People should be allowed to use all the water they want and for any purpose desired, but these same people should be made to pay for all the water they use.

Flat rates are always inequitable. The method is a makeshift at best. It is conducive only to unequally and unnecessarily heavy drain on the water supply and wear on the pumps. It is not consistent with judicious and wise practice. It is not consistent with good business. A smaller and wiser consumption means less repair expenses, less renewals and lower costs and rates.

It is our intention to put everybody on meters and then everybody can use all the water they wish to pay for and at any time of the day or night.

Water Rates

Concomitant with the consideration of meters is the question of Rates. We can conceive how many people will take the position and say, "We don't care what the details of the construction are, nor where you obtain your water; we take it for granted that those details will all be taken care of properly by those entrusted with the job. Neither are we directly concerned with the sum of money you ask us to vote; where we come in and what does interest us most is what we will be asked to pay for the water we will consume. Will we get soaked with a stiff meter rate." Let us explain the various angles of this question and what the Water and Light Board must contend within the consideration of the subject of rates.

If your life is in danger and your attending physician prescribes a medicine, you get it and pay the price, whatever it may be. Water is a medicine. Good water prevents diseases of the worst kind; poor water is a poison and develops and spreads scourges of the worst kind. If we can get good water here—good medicine, let us pay the price, be what it may.

Fortunately it is not difficult to get good water in Brainerd and install the necessary equipment without great cost. Brainerd is a far-flung town and much money must be spent in miles of new pipe lines, but the other equipment involves only a small sum. To an individual \$200,000 is a large sum of money, but as a bond issue for a community it is small. The little town of Crosby voted \$135,000 for its system. Bemidji wanted \$125,000 for a filtration plant alone. See how much more Brainerd intends to buy with its money. Had we advocated a system with a filtration plant, another \$75,000 would have been added to our requested bond issue.

The City Charter provides that no issue of bonds shall run for more than 30 years nor bear interest greater than 5%. Our present issue meets those requirements. There is no reason from a financial standpoint why a bond issue should not run longer than 30 years, and to gain more time, if the bonds are not fully retired in 30 years, at the discretion of the council the unpaid portion can be refunded by another bond issue—a perfectly legitimate transaction and one which is often reported to, especially where the money raised is spent on improvements benefiting the next generation. Extending the period results in paying interests for a longer time but eases the load for retiring bonds annually and reduces the sum to be earned every year.

Ten years ago Brainerd voted bonds to buy the present water works system. From now on \$5000 must be paid every year and soon the full sum will be wiped out. During the past 10 years electric light bonds amounting to \$40,000 were retired by the Board; large sums were spent for light and water extensions; and the cost of maintenance has mounted rapidly. The Board, therefore, will have the burden of wiping out two bond issues during the 30-year period now under consideration, which argues in favor of a longer period rather than a shorter one.

Under the amended city charter, one of the numerous funds created is the Public Utility Fund. This is one fund into which none of your taxes go. The only money put into that fund will be the earnings of the Water and Light Board, which must make enough money annually from the sale of electric current and water, and whatever else it may have to sell, to pay for its operating expenses, all interest due on outstanding bonds, and all payments due to retire bond issues. Not one cent of tax money or city revenue is used to help the Public Utility Fund; while to the contrary, in the past the Board has paid thousands of dollars to keep the city in light and water for which the Board should have been paid by the city. Fortunately the amended charter obviates a recurrence of that defect.

The board must, therefore, meet an indebtedness of two bond issues

together amounting to \$357,500, plus interest at 5%. In the next 10 years the old bond issue must be wiped out. Since one third of the expense of our new bond issue is due to installations intended to give service to the next generation, it would be proper to figure on passing about that proportion of the total to the next period and refund in that amount.

It has been figured that an annual net earning of \$30,000 from the sale of electricity and water will insure paying all interest charges and enable retiring annually from \$5,000 to \$10,000 of bonds during each of the next 30 years and it may even wipe out this bonded indebtedness. Rates for electricity and water must be established which will insure earning this \$30,000 annually. Knowing what our Electric Department can and now earns, the remainder must be earned by the Water Department, and that sum added to the cost of giving the service is divided among the water consumers. The rate determined is tentative, of course, but it is as near correct or as well as can be calculated now.

By such a calculation we have arrived at a tentative rate of 30c per 1000 gallons. It is not likely that this rate will be raised later, and in all probability will be reduced after the plant is running regularly and all service has been made efficient. The present rate is 40c per 1000 gallons. The new rate means that for those who now use meters, the cost of water will be cut one-fourth or more. With a minimum charge of 40 cents per month, the smallest consumers will save \$1.20 per year, the present minimum rate on a flat charge being that much greater. What those people will pay who now have no meters it is impossible to say. We have no check on the quantity the different families use and no one knows how extravagant or how economical any one family is regards the use of water. It is up to everybody to pay for what he uses the same as he does for his groceries and meats, with this difference, however, that there will be but one kind of water to buy and one price to pay.

It is not to be supposed that this proposed rate is in any way governed by rates in force in other cities, but it will be of interest to know how the proposed rate compares with others. We have procured the rates in force in 108 Minnesota cities. Of this number one-half use a sliding-scale of rates, the highest rate is 75 cents; for those with flat rates, the highest rate is 55 cents.

It is our intention to use a flat rate so every house-consumer can use as much or as little water as he pleases and have every drop of it cost the same amount of money, whether the drop is used by a tenant in a tap-water shack or by one living in an apartment house. Of the 50 towns listed using flat rates, 66% have rates higher than our proposed rate; only 3 towns (including the large cities St. Paul, Minneapolis and Mankato) have lower rates, and in four of these the ratio is 20 cents. It is evident that Brainerd is assured a rate that will stand comparison with that in any other town.

NORTHWEST NEWS

Minnesota Draft Boards

St. Paul, March 28.—All records of Minnesota draft boards are practically complete and ready for transmission to the war department at Washington it was announced today.

The department ordered that all records of the 121 local boards in the state be completed by March 31. Records of draft deserters are to be sent to Washington and they will be treated the same as deserters of the army. A list of the deserters will be sent out from Washington to all adjutant generals and departments of police throughout the country.

Badger Meeting in St. Paul

St. Paul, March 28.—St. Paul was entertaining a Wisconsin State convention today.

Because women Victory Loan workers of the Badger state found they could reach St. Paul as a central point easier than any central point in their own state they were gathered here. Mrs. C. A. Severance, chairman of the women's work in the ninth federal reserve district is in charge of the meeting.

Canadian Mounted Police

Winnipeg, March 28.—Winnipeg is to be headquarters of the Royal Northwest Mounted Police of Manitoba. Commissioner Perry has announced. Manitoba will have a reserve squadron to be located at Brandon. Superintendent Sparkes takes charge of the Manitoba division with headquarters here. The reserve squadron for Saskatchewan will be stationed at Regina which will also be provincial and general headquarters.

Tigers Like Water.

Tigers are extremely fond of bathing. In a zoo, if a tub be provided, they will eagerly make use of its facilities for ablution. They are first-rate swimmers, and in former days it was reckoned at Singapore that they "ate a Chinaman a night," swimming across from the mainland to get him.

A Friend Recommended Them

J. N. Tohill, clerk Zottie Hotel, Evansville, Ind., writes: "For six weeks I suffered constantly with pains in the muscles of my thigh. Upon recommendation of a friend, I tried Foley Kidney Pills and began to get relief almost immediately." They stop backache, rheumatic pains, soreness and stiffness. H. P. Dunn. mwf

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

EMPLOYMENT MEN TO GET A JOLT

Agencies of Twin Cities Charged
With Sending Men to Smaller
Towns to Take up Work

FOR WHICH THEY ARE UNFITTED

Plenty of Crow Wing County Soldiers
and Sailors Anxious for Jobs
Without Importing Any

Employment agencies in the Twin Cities engaged in "securing jobs for returned soldiers" are bound to receive a severe jolt, if the plan apparently now in vogue of shipping soldiers and sailors to smaller towns to take up work they are wholly unfitted for is continued.

An object lesson was afforded here yesterday when two bright young fellows, recently returned from overseas reported to the Red Cross that they were unable to handle the heavy ties they were expected to "juggle" at a local plant, although they were willing to perform any manual labor within their power.

Both were office men prior to going to war and were shipped here to "skin ties" as they supposed, their transportation being furnished. Now "skinning" ties and juggling, lifting and placing them are two entirely different lines of work, as they soon found and the foreman advised them that they were unfit for the work.

Broke, hands sore, and blistered, backs lame and their stomachs empty, all they had left was a good store of American grit and "pep" and every effort was made by the employment bureau officials of the Red Cross and the Chamber of Commerce to secure work for them.

This failure, telephone messages were sent to the Twin Cities with the result that the boys will probably be furnished transportation home today.

Steps will be taken by the Red Cross and the Chamber of Commerce to put an end to this indiscriminate shipping of young men from the cities into smaller towns to fill jobs they are wholly unfit to take no matter how willing they may be as in the case cited.

There are plenty of Crow Wing county soldiers and sailors without jobs the local authorities state, without importing any more into the locality and the home boys will be given preference in every case.

PAY DAY WILL BE ON SATURDAY

Pay day will be Saturday according to a telephone message from the shops at 3:30 this afternoon.

MRS. HELEN GRIMSTAD

Resident of Newfolden Died of Pneumonia Following an Operation

Mrs. Helena Grimstad, age 60, a widow who had her home in Newfolden, died at a local hospital from pneumonia following an operation. Her son, E. L. Grimstad, had brought his mother to Brainerd for treatment. She leaves six children, being E. L. Grimstad of Brainerd; Moses of Newfolden; Miss Jacobine of Newfolden; Mrs. J. G. Gjording, who is a missionary in Shanghai, China; Mrs. Victoria Kolstad, of Ross, and Mrs. R. W. Rosenkranz of Ross.

She was a member of the Seventh Day Adventists. The remains will be sent to Newfolden for burial.

HAND CUT BY SAW

Erick Wicklund, Farmer of Long Lake, Badly Injured This Morning

Erick Wicklund, a farmer of South Long Lake, cut his hand while operating a wood saw on his farm. He was hurried to St. Joseph's hospital in the city and skilled medical attendance there may save the hand. A son of Mr. Wicklund is Ed Wicklund, bookkeeper of the water and light board of Brainerd.

BABY DIED

Three Weeks Old Boy of Mr. and Mrs. Joseph Caron Died, Funeral Friday

The three weeks old baby boy of Mr. and Mrs. Joseph Caron, who have a farm on South Thirteenth street, died Thursday and the funeral was held Friday at Crow Wing. The sympathy of the community is extended to the bereaved family.

(Issued by and for James R. Smith, Brainerd, Minn.)

FOR ASSESSOR

I hereby announce myself a candidate for the office of City Assessor for the ensuing term, and respectfully ask your support for said office on Election Day. Assuring you that if elected, I will use my best judgment in being fair and impartial to all.

J. R. SMITH.

A. A. WEIDEMANN TO ADDRESS BIG MEETING

Called at Chamber of Commerce this Friday Evening to Hear Water-works Bonds Explained

SPEAKER VERSED IN SUBJECT

Has Given it Much Study and a Plain, to the Point Address is Assured Citizens

Carl Zapffe, chairman of the Water and Light Board of the City of Brainerd, who was to have addressed citizens at the Chamber of Commerce rooms on the subject of bonding for a new and much needed water works system was called to St. Paul last evening and will not be able to speak this evening.

In his place, A. A. Wiedemann, also member of the Water and Light board and well posted on the subject, will address the meeting, which will be called promptly at 7:30 p. m.

The fact that the voters will express their sentiments on the question of voting bonds for a new water works system at the city election next Tuesday and the importance of the proposition should serve to bring out a large audience this evening. Mr. Wiedemann is well posted on the subject has given it much study and a plain, to-the-point address is assured. The general public is invited to this meeting and all interested are urged to attend.

BRAINERD CHAPTER OF THE RED CROSS

Regular Meeting Thursday Evening
Called to Order by Chairman,
Mrs. J. A. Thabes

BILLS ALLOWED AND PAID

Rev. Eloy G. Carlson, Chairman of
Civilian Relief, Reports on
Stranded Soldiers

Brainerd Chapter A. R. C. held its director's meeting on Thursday evening, called to order at 7:30 by Mrs. J. A. Thabes, with the following present: Mrs. J. A. Thabes, Mrs. W. H. Gemmell, J. P. Anderson, W. C. Cobb, Rev. Eloy G. Carlson, Mrs. H. W. Linnemann, Miss Jule O'Brien and Mrs. Angus Murray.

Minutes of the preceding meeting were read and duly approved.

The following bills were read by the secretary, accepted and ordered paid as read:

Brainerd Journal Press.....	\$ 5.00
W. E. Lewis, drayman.....	12.50
G. W. Chadbourne.....	10.89
Miller-Bryant-Pierce Co.....	3.25
Jeffery & McPherson Co.....	5.65
Mrs. H. W. Linnemann.....	8.74
Brainerd Dispatch.....	7.00
Transo Envelope Co.....	18.75

Letters from a sailor in the U. S. service, expressing his appreciation at having received a sweater made in Brainerd and with a request that the Chapter interest itself in his loneliness by securing a lady correspondent for him, read and no action taken.

The chairman read a list of standing committees for the year.

The case of two stranded soldiers sent here by an employment bureau from the Twin Cities for work, was reported by Rev. Eloy G. Carlson of the Civilian Relief Committee. He stated that they had been given meals and a telegram had been sent to Minneapolis asking instructions for further assistance to them. Moved by Anderson seconded by Mrs. Linnemann, that the soldiers be given a room and breakfast and that they make arrangements for their return home.

Rev. Heermance, representing the Northern Division A. R. C. as a field worker, gave an interesting talk on employment of discharged soldiers and sailors and child welfare, in which the Red Cross might be able to assist.

ANNUAL MEETING

Of Evergreen Cemetery Association.
To the lot owners of Evergreen Cemetery Association:

The annual meeting of said association will be held in the office of the president in the Probate Court room in the city of Brainerd, in the county of Crow Wing, on Tuesday evening, April 1st, 1919, at 8 o'clock sharp.

This meeting is for the purpose of electing trustees, they in turn to elect the other officers of the association, and to transact such other business as may be for the best interests of the association. Every lot owner is a member of this association and is hereby requested to be present and offer any suggestions that will be for the best good of the lot resting place of our beloved dead.

LECTURE HERE ON CHRISTIAN SCIENCE

Rev. Andrew J. Graham, C. S., Member of Board of Lectureship of The Mother Church

LARGE AUDIENCE ADDRESSED

Speaker From the First Church of Christ, Scientist, of Boston, Massachusetts

Addressing a large audience, Rev. Andrew J. Graham, C. S., Member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., lectured Thursday evening at Trades & Labor hall in the Iron Exchange building on Christian Science, being a lecture entitled "Christian Science, The Vision of Christ Jesus."

He said in part:

In the year 1866 Mary Baker Eddy, whom medical skill had failed to relieve of a serious physical trouble, was instantaneously healed through reading the Scriptures. Christian scientists know that with her healing began the modern fulfillment of Jesus' promise: "When he, the Spirit of truth, is come, he will guide you into all truth." Instead of taking her physical healing and losing herself in the throng of the unthankful, her gratitude to God and compassion for suffering humanity led her to investigate and to meditate. On page 109 of "Science and Health with Key to the Scriptures," Mrs. Eddy writes: "For three years after my discovery, I sought the solution of this problem of Mind-healing, searched the Scriptures and read little else, kept aloof from society, and devoted time and energies to discovering a positive rule." This rule she discovered, stated, elucidated, and demonstrated, over and over again, in healing the sick, thus reinstating the most practical feature of primitive Christianity.

The Textbook

It is fitting at this time to say something about the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mrs. Eddy. This book is not a commentary on the Bible, but a key to it. Other writers claim to bring out treasures from the Scriptures and to hand them to us: Mrs. Eddy gives us the key, saying, Open the book and help yourselves. Any claim to excellency can be sustained and maintained only by results—"by their fruits ye shall know them." The spiritual vitality and illumination which the student of the Bible receives through earnest study of the Christian Science textbook is undeniable proof that the latter is what is claimed for it—a key to the Scriptures. The dominant thought of the textbook is spiritual. If anything else is sought in its pages it will be unresponsive. To those who are hungering and thirsting after righteousness and to the sick and sinful who are seeking peace, it is as deep responding unto deep. Simply the reading of it has lifted thousands of sufferers out of despair. Friends: the man who is really homesick to know his heavenly Father, God, from whom he seems to be separated, is ready to study this textbook, and to gain through its teachings, healing and purity and peace. The Christian Science textbook, through informing and guiding the truth seeker, disposes thoroughly of a cold storage Bible, by throwing the doors wide open and exposing its treasures to all who desire them.

Christian Science Healing

What is Christian Science healing? It is the overcoming of disease by the same method which Jesus employed, that is, by understanding and utilizing the infinite power of God who, according to the psalmist, healeth all our iniquities. The results in Christian Science healing differ from those brought about by other methods in that they are moral as well as physical, and are far more complete, satisfactory, and enduring. Jesus never employed nor recommended the use of matter in any form to cure disease.

If one desires a fuller explanation he must study Christian Science, and learn how evil is explained and overcome metaphysically.

The Handicap

Sooner or later mortal man is forced to the conclusion that he has no health, that is, no healing power in himself, and by the same token he knows that no other mortal can heal him. He finds himself suffering from a handicap, which must be removed by some outside power before he can take any step into freedom. As a team of horses, on a rough road, unable to start the load without help, is able after the start is made to draw even a heavier load, so man, under the sore burden of sickness and sin, must have help before he can start. It is not required that a sufferer must believe in nor understand Christian Science before something can be done for him. I love Christian Science because it first loved me; because while I was as yet

ignorant of God as boundless love, Christian Science stretched out, as it were, a helping hand. The Scriptures state this truth of the removal of the handicap very beautifully "We love him, because he first loved us." Divine Love always takes the initiative. This thought gives us courage; but to be fully benefited we must turn fully to divine Love. "It is God which worketh in you both to will and to do." It is God who removes the handicap and enables us to start. Wherefore, "Arise, let us go hence."

ROLL OF HONOR

First Sergeant George W. Power, son of Mrs. Maude Power, arrived in New York on the transport U. S. S. Von Stueben from Brest, France, March 23rd. He also was in England and while there was given a letter of welcome by King George.

LOCATED IN AURORA

Aurora News States Dr. M. H. Carlson of Winnipeg. Former Brainerd Boy, to Locate There

Under the heading "New Dentist Coming," the Aurora (Minn.) News, has this reference to Dr. M. H. Carlson, son of John Carlson of Brainerd, formerly practicing in Winnipeg, Canada, who is about to open an office in Aurora:

Aurora will have a new dentist on or about April 1 in the person of Dr. M. H. Carlson, who will open a modern dental office in the Anderson building in the rooms formerly occupied by Dr. V. E. Rapp. Dr. Carlson is at present practicing at Winnipeg, but he is a Minnesota young man whose former home was at Brainerd. He comes well recommended as an efficient and painstaking workman and should find Aurora a lucrative field. He has a modern equipment including an X-ray outfit, which will fill a long felt want in the community. Dr. Carlson was in the dental reserve of the Canadian forces and has recently received his honorable discharge.

Modern Greek Language.

The language spoken by the educated classes, that used in the newspapers and other modern literature of Greece, differs from the Romic used by the lower classes. The former is distinguished by a greater resemblance to the Greek of antiquity, which renders it easy for anyone who has a satisfactory acquaintance with ancient Greek to read the literary Greek of the present day.

LIFT OFF CORNS!

Drop Freezone on a touchy corn, then lift that corn off with fingers

Doesn't hurt a bit! Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magies! No humbug!

A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.

Too Cool for Comfort.

The coldest place on earth inhabited by man is Verkhoyansk, above the arctic circle, in northeastern Siberia. The thermometer there drops to 90 degrees below zero in January, but sometimes rises to 80 degrees above zero in the shade in July, dropping, however, to the freezing point on the warmest summer night.

ACID IN STOMACH SOURS THE FOOD

Says Excess of Hydrochloric Acid is Cause of Indigestion.

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

BESSARABIANS REVOLT

Republic Proclaimed and Military Operations Ordered.

Army Captures Sadagora and Pushes Roumanians Across Pruth River Toward Larga.

London, March 28.—A republic has been proclaimed in Bessarabia and its directorate has ordered military operations against the Roumanian army of occupation, a part of which has been forced to fall back, according to a Warsaw dispatch to the Telegraph, quoting word from Shotin. It is stated that the movement is evidently engineered by Bolsheviks, supported by Ukrainians who seek to break through Roumania to establish contact between Moscow and Budapest.

The Bessarabian army has captured the important town of Sadagora and is pushing the Roumanians across the Pruth river toward Larga. M. Liskin heads the new Bessarabian government.

Bessarabia is a former province of Russia, bordering Rumania on the northeast. It has been claimed and occupied by Roumania.

The Bessarabian army has captured the important town of Sadagora and is pushing the Roumanians across the Pruth river toward Larga.

The belief was expressed here that the Russian Bolsheviks are engineering the Bessarabian campaign for the purpose of establishing direct communication between Moscow and Budapest. M. Liskin heads the new Bessarabian government.

Chotin is in Bessarabia, 175 miles east of Lemberg. Larga is in Roumania, 100 miles southwest of Chotin.

Suffered for Eight Years

Rheumatic pains, lame back, sore muscles and stiff joints often are due to overworked, weak or disordered kidneys. Daisy Bell, R. F. D. 3, Box 234, Savannah, Ga., writes: "I suffered eight years with pain in the back and could not do any of my work, but since taking Foley Kidney Pills, I can do all of my work." H. P. Dunn. mwf

WOULD GO TO SWITZERLAND

Former Kaiser, Alarmed by Threats, to Leave Holland.

Geneva, Switzerland, March 28.—Former Emperor William of Germany, alarmed by the receipt of threatening letters, intends to leave Holland and seek refuge in Switzerland, according to the newspaper La Suisse.

Swiss newspapers are printing many advertisements inserted by members of the German and Austrian nobility who are seeking houses in this country at moderate prices.

DAILY MARKET REPORT

Minneapolis Grain. Minneapolis, March 28.—Oats, May 65½c; July, 66½c. Rye, May, \$1.67; barley, choice, \$1.02; No. 1, 1.05. Corn, No. 3 white, \$1.48; No. 3 yellow, \$1.50; No. 4 white, \$1.52.

Duluth Flax. Duluth, March 28.—Flaxseed, May, \$3.77½; July, \$3.65; October, \$3.30.

Chicago Grain. Chicago, March 28.—Corn, May, \$1.54½; July, \$1.41½; September, \$1.35½. Oats, May, 68½c; July, 67½c; September, 63½c.

South St. Paul Live Stock. South St. Paul, March 28.—Estimated receipts at the Union Stock Yards: Cattle, 4,000; calves, 2,000; hogs, 1,500; sheep, 300; cars, 424. Steers, \$9 to \$15.50; cows, \$7 to \$11; calves, \$9 to \$14; hogs, \$18.50 to \$18.90; sheep and lambs, \$8 to \$16.

Chicago Live Stock. Chicago, March 28.—(United States Bureau of Markets.)—Hogs, receipts, 20,000; bulk of sales, \$19.10 to \$19.40; heavy weight, \$19.25 to \$19.60; medium weight, \$19.20 to \$19.40. Light weight, \$18.75 to \$19.35; pigs, \$16.50 to \$17.25. Cattle, receipts, 4,000; heavy beef steers, \$11.50 to \$12.40; light beef steers, \$10.40 to \$11.50; butcher cows and heifers, \$7.50 to \$8.75; stockers and feeder steers, \$8.25 to \$15.

Minneapolis Butter, Eggs and Poultry. Minneapolis, March 28.—BUTTER—Extras, 36c; extra firsts, 36c; firsts, 35c; seconds, 34c; dairies, 44c; packing stock, 40c.

EGGS—Fresh, prime firsts, new cases, free from rots, small, 30c; current receipts, 28c; 30c; 31c; 32c; 33c; 34c; 35c; 36c; 37c; 38c; 39c; 40c; 41c; 42c; 43c; 44c; 45c; 46c; 47c; 48c; 49c; 50c; 51c; 52c; 53c; 54c; 55c; 56c; 57c; 58c; 59c; 60c; 61c; 62c; 63c; 64c; 65c; 66c; 67c; 68c; 69c; 70c; 71c; 72c; 73c; 74c; 75c; 76c; 77c; 78c; 79c; 80c; 81c; 82c; 83c; 84c; 85c; 86c; 87c; 88c; 89c; 90c; 91c; 92c; 93c; 94c; 95c; 96c; 97c; 98c; 99c; 100c.

POULTRY—Turkeys, fat, 10 lbs and over, 25c; thin, small, 20c; culls, unsalable; stags and cocks, 21c; ducks, 24c; geese, 18c; hens, 4 lbs and over, 25c; under 4 lbs, 24c; spring, young, smooth, 26c; guineas, 20c, 25c.

New York Butter. New York, March 28.—Butter, lower, 1.108; creamery higher than extra, 62½c to 63c; creamery extras, 61½c to 62c; firsts, 59c to 61c; packing stock, current make No. 2, 4½c to 45c.

Doing Her Bit

"More than a year ago I took a course of Mayr's Wonderful Remedy for gall stones, severe colic and stomach trouble and have been entirely well ever since. I have recommended it to many other stomach sufferers, as I felt it my duty to tell them just how much good it has done me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

U. S. FIGHTING MEN WANTED A CHURCH

REPORT OF Y. M. C. A. IN CENTRAL MILITARY DEPARTMENT CONTAINS INTERESTING INFORMATION.

Chicago.—Uncle Sam's soldiers and sailors go to church. Figures showing attendance at religious services in Y. M. C. A. huts in military camps of the central department prove it.

Attendance at the religious meetings and Bible classes held in the huts between May 1, 1917, and December 31, 1918, was more than 5,250,000.

A. H. Lichty, executive secretary of the central department of the national war work council of the Y. M. C. A., has issued a report covering statistics of the Y. M. C. A. activities in the 131 huts in Central department camps.

Mr. Lichty is in command of nearly 1,000 workers. Before coming to Chicago for war work he was secretary of the Ohio State Y. M. C. A. During

his administration more than 2,500 men and women have been recruited in the 14 Central states for overseas service with the Y. M. C. A.

The number of letters written in huts in the 33 military camps totaled 62,798,410. The total attendance was 60,663,806.

Movies were the most popular feature of the "Y" service in the camps. The attendance at the 12,496 motion picture shows was 5,979,303, an average of more than 400.

The "Y" educational features were popular. In the 20 months 7,570 lectures were heard by 2,202,810 soldiers and sailors. The 68,272 classes of various kinds drew 1,394,418 and the 982 science and art clubs 62,530. For the American Library association the "Y" passed out 1,423,668 books.

Athletics Popular. The number of participants in athletic contests under the direction of the "Y" was greater than the number of spectators. There were 5,398,250 in the contests and 4,437,017 "looking on."

The 902 workers in the 131 huts in the army and navy camps and the 184 S. A. T. C. units passed out to American fighting men 510,432 Scriptures. There were 282,229 personal interviews on the subject of religion; 52,754 decisions to accept the Christian faith and 117,770 signed the "war roll" pledging themselves to a Christian life.

The 17,361 entertainments not including movies, drew 6,731,646 soldiers and sailors.

The fighting men were thrifty. In the period covered by the report the "Y" sent home for the enlisted men \$3,906,025 in money orders.

"Y" to Open Clubs for Troops. At the request of the French minister of marines the Y. M. C. A. is planning the establishment of clubs for American and French troops in Toulon and in the suburbs of that city.

Y. M. C. A. NO LONGER TO MAINTAIN ARMY POST EXCHANGES. Paris.—The American Y. M. C. A., at its own request, has been relieved of its work of maintaining the post exchanges with the American army. Correspondence exchanged between General Pershing and E. C. Carter, in charge of Y. M. C. A. with the army, shows the reason for this arrangement was that the Y. M. C. A. now has "increased responsibilities in promoting educational, athletic and entertainment activities in the American expeditionary forces," thus placing a rapidly increasing burden on its personnel.

General Pershing in a letter to Mr. Carter approving the change, expressed his thanks "for the very valuable services and assistance which the Y. M. C. A. has rendered to the American expeditionary force in handling these exchanges. General Pershing added:

"Handicapped by the shortage of tonnage and land transportation, the Y. M. C. A. has by extra exertion served the army better than could have been expected, and you may be assured that its aid has been a large factor in the final great accomplishments of the American army."

The Italian delegation has notified the conference of the suppression of the military and commercial blockade in the Adriatic by which trading in the Adriatic returns to conditions before the war, except that until peace is declared Allied warships will have the right to search merchantmen.

Paris, March 28.—With President Wilson in the chair, the League of Nations commission has completed consideration of the covenant, referring it to a drafting committee consisting of Col. E. M. House, Lord Robert Cecil and Ferdinand Larnaude, dean of the Paris law faculty.

This committee will correct the phraseology where necessary and refer it back to the commission for final consideration before it is reported to the peace conference. The covenant still contains 26 articles. No amendment has been incorporated which specifically meets the desires of Japan for recognition of national equality.

Premiers Meet With Wilson. President Wilson's study was the center of interest as he with the premiers of Great Britain, France and Italy resumed the effort to settle the questions standing in the way of peace.

Previous to the meeting, Premier Orlando spent an hour with Colonel E. M. House discussing the question of the Adriatic which, with that of reparations and the Rhine frontier, are the three vital issues obstructing progress.

Indemnity Total Undecided. The question of indemnity was again the main stumbling block in the meeting of premiers and Wilson.

Financial advisers agreed in the main with the views of the American delegates concerning Germany's resources and ability to pay, but it still remained for the members to make a final decision on the total of the indemnities.

The Rhine frontier question may come up next. President Wilson has outlined a plan which he hopes may become the basis of an agreement.

Adriatic Issue Most Stubborn. The Adriatic issue is the most stubborn question remaining, with no indication of a compromise. The Italian reports of disorder at Spalato are not confirmed by American reports direct from that place. These latter reports show the Serbs work effectively and peacefully, while the Italian admiral is reported to be arresting a large number of Jugo-Slavs. When the Americans intervened, the Italian reply, the reports state, was that the United States was not a party to the secret treaty of London and therefore had no status in the controversy. Such conditions as these, it is pointed out, are seriously hampering the solution of the Adriatic question.

The Italian delegation has notified the conference of the suppression of the military and commercial blockade in the Adriatic by which trading in the Adriatic returns to conditions before the war, except that until peace is declared Allied warships will have the right to search merchantmen.

REP. FRANK MONDELL

After Representative Frank R. Mann of Illinois, floor leader in the last House, had been re-elected on the first ballot by the Republican conference and had declined to accept, Representative Frank Mondell of Wyoming was chosen leader in the next House. Mr. Mondell has been a member of congress for twenty-two years.

ALL CHANGES AGREED UPON

League of Nations Commission Complete Consideration of Covenant Articles.

CONTAINS 26 ARTICLES

Japan's Desire For Recognition of National Equality Not Satisfied—Premiers Confer on Indemnities and Adriatic Problem.

Paris, March 28.—With President Wilson in the chair, the League of Nations commission has completed consideration of the covenant, referring it to a drafting committee consisting of Col. E. M. House, Lord Robert Cecil and Ferdinand Larnaude, dean of the Paris law faculty.

This committee will correct the phraseology where necessary and refer it back to the commission for final consideration before it is reported to the peace conference. HIGH POWER for HIGH UTILITY

An index of the immense ability and usefulness of this all-family automobile is the fact that it has more power in proportion to its weight than any other car built, save one costing more than \$3000.
